## PART I

## Item 1. Business.

## DESCRIPTION OF BUSINESS

Nordstrom incorporated in the state of Washington in 1946 as the successor to a retail shoe business that started in 1901. We are one of the nation's leading fashion specialty retailers, with 155 U.S. stores located in 27 states. The west coast and east coast are the areas in which we have the largest presence. Nordstrom is comprised of four segments: Retail Stores, Credit, Direct, and Other.

Retail Stores derives its revenues from sales of high-quality apparel, shoes, cosmetics and accessories. It includes our 98 Full-Line 'Nordstrom' stores, 50 discount 'Nordstrom Rack' stores, two clearance stores that operate under the name 'Last Chance,' and one freestanding shoe store. The Nordstrom Rack stores serve as outlets for clearance merchandise from our Full-Line stores and purchase merchandise directly from manufacturers.

In 2006, we opened one Full-Line store (Palm Beach Gardens, Florida), relocated one Full-Line Store (Canoga Park, California) and opened one Rack store (San Marcos, California). In 2007, we are scheduled to open three Full-Line stores (Natick, Massachusetts; Novi, Michigan; Denver, Colorado) and one Rack store (Tukwila, Washington). In 2008, we are scheduled to open eight Full-Line stores and relocate one FullLine store.

Through our wholly owned federal savings bank, Nordstrom fsb, we offer a private label card, two co-branded Nordstrom VISA credit cards and a debit card for Nordstrom purchases. The credit and debit cards feature a shopping-based loyalty program designed to increase customer visits and spending in our Retail Stores and Direct segments. Our Credit segment generates earnings through finance charges and securitization-related gains on these cards.

Direct generates revenues from sales of high-quality apparel, shoes, cosmetics and accessories by serving our customers on the Web at www.nordstrom.com and through our catalogs. Most of the Direct segment's sales are shipped via third-party carriers from our fulfillment center in Cedar Rapids, Iowa.

Our Other segment includes our four U.S. based 'Façonnable' boutiques and the 36 Façonnable boutiques located in France, Portugal and Belgium. Façonnable is a wholesaler and retailer of high quality men's, women's and boys' apparel and accessories with distribution to over 45 countries. Façonnable has licensee and franchisee agreements with others who operate wholesale distribution and/or boutique locations in Spain, Turkey, Greece, the Middle East, Taiwan, Canada and Latin America. The Other segment also includes our product development team, called Nordstrom Product Group, which designs and coordinates the production of private label merchandise sold in our retail stores. In addition, this segment includes our corporate center operations.

For more information about our business and our reportable segments, see Item 7, "Management's Discussion and Analysis of Financial Condition and Results of Operation" on page 14 and Note 15 of the Notes to Consolidated Financial Statements in Item 8 on page 48.

## FISCAL YEAR END

Our fiscal year ends on the Saturday closest to January 31st. References to 2006 relate to the 53-week fiscal year ended February 3, 2007. References to 2005 and 2004 relate to the 52-week fiscal years ended January 28, 2006 and January 29, 2005. References to 2007 relate to the 52 weeks ending February 2, 2008.

## TRADEMARKS

We have approximately 169 registered trademarks or trademark applications. Our most notable trademarks include Nordstrom, Nordstrom Rack, Façonnable, Caslon, John W. Nordstrom, and Classiques Entier. Each of our trademarks is renewable indefinitely provided that it is still used in commerce at the time of the renewal.

## RETURN POLICY

We offer our customers a fair and liberal return policy at our Full-Line stores and Nordstrom Direct (online and catalog). Our Nordstrom Rack stores accept returns up to 30 days from the date of purchase. In general, our return policy is somewhat more generous than industry standards. We utilize historical return patterns to estimate our expected returns.

## SEASONALITY

Due to our anniversary sale in July and the holidays in December, sales are higher for our Retail Stores in the second and fourth quarters of the fiscal year than in the first and third quarters.

## INVENTORY

We plan our merchandise purchases and receipts to coincide with the selling patterns that we expect. For instance, we purchase and receive a larger amount of merchandise in the fall as we prepare for the holiday shopping season (from late November through early January). Also, our merchandise purchases and receipts increase prior to our Anniversary Sale, which extends over the last two weeks of July. We pay for our merchandise purchases under the terms established with our vendors, which is usually within 30 days of the date that the merchandise was shipped to us.
In order to offer merchandise that our customers want, we purchase merchandise from a wide variety of high-quality suppliers. In 2006, our ten largest suppliers accounted for approximately $21 \%$ of our merchandise purchases. We also have arrangements with agents and contract manufacturers to produce our private label merchandise. We do not have long-term purchase commitments or arrangements with any of our
merchandise suppliers. Our suppliers include domestic and foreign businesses. We expect our suppliers to meet our "Nordstrom Partnership: Standards and Business Practice Guidelines," which address our standards for matters such as law, labor, health and safety, and environment.

## COMPETITIVE CONDITIONS

All segments of our business are highly competitive. Each of our stores competes with other national, regional and local retail establishments that may carry similar lines of merchandise, including department stores, specialty stores, boutiques, mail order and Internet businesses. Our specific competitors vary from market to market. We believe the principal methods of competing in our industry include customer service, fashion, quality of product, depth of selection, store environment and location.

## EMPLOYEES

During 2006, we regularly employed on a full or part-time basis an average of 52,900 employees. Due to the seasonal nature of our business, employment increased to approximately 56,500 employees in July 2006 and 57,400 in December 2006.

## CAUTIONARY STATEMENT

Certain statements in this Annual Report on Form 10-K contain "forward-looking" statements (as defined in the Private Securities Litigation Reform Act of 1995) that involve risks and uncertainties, including anticipated results, store openings and trends in our operations. Actual future results and trends may differ materially from historical results or current expectations depending upon various factors including those discussed below and elsewhere in this Annual Report on Form 10-K, particularly in Item 1A under the heading "Risk Factors", the impact of economic and competitive market forces, terrorist activity or war may impact our customers and the retail industry, our ability to predict fashion trends, consumer apparel buying patterns, trends in personal bankruptcies and bad debt write-offs, changes in interest rates, employee relations, our ability to continue and control our expansion, remodel and investment plans, changes in government or regulatory requirements, our ability to control costs, weather conditions and hazards of nature.

These and other factors could affect our financial results and cause actual results to differ materially from those contained in any forwardlooking statements we may make. As a result, while we believe there is a reasonable basis for the forward-looking statements, you should not place undue reliance on those statements. We undertake no obligation to update or revise any forward-looking statements to reflect subsequent events, new information or future circumstances.

## SEC FILINGS

We file annual, quarterly and current reports, proxy statements and other documents with the Securities and Exchange Commission ("SEC"). All material we file with the SEC is publicly available at the SEC's Public Reference Room at 450 Fifth Street, NW, Washington, DC 20549. You may obtain information on the operation of the Public Reference Room by calling the SEC at 1-800-SEC-0330. In addition, the SEC maintains an Internet Web site at www.sec.gov that contains reports, proxy and information statements, and other information regarding issuers that file electronically with the SEC.

## WEB SITE ACCESS

Our Internet Web site address is www.nordstrom.com. We make available free of charge on or through our Internet Web site our annual reports on Form 10-K, quarterly reports on Form 10-Q, current reports on Form 8-K, statements of changes in beneficial ownership of securities on Form 4 and amendments to those reports filed or furnished pursuant to Section 13(a) or 15(d) of the Exchange Act as soon as reasonably practicable after we electronically file the report with or furnish it to the SEC. Interested parties may also access a Webcast of quarterly earnings conference calls and other financial events over our Internet Web site.

## CORPORATE GOVERNANCE

We have a long-standing commitment to upholding a high level of ethical standards. In addition, as required by the listing standards of the New York Stock Exchange ("NYSE") and the rules of the SEC, we have adopted Codes of Business Conduct and Ethics for our employees, officers and directors ("Codes of Ethics") and Corporate Governance Guidelines. We have posted on our Web site our Codes of Ethics, our Corporate Governance Guidelines, and our Committee Charters for the Audit, Compensation, Corporate Governance and Nominating, Executive, and Finance committees. These items are also available in print to any person without charge upon request to:

invrelations@nordstrom.com

## Item 1A. Risk Factors.

Our business faces many risks. We believe the risks described below outline the items of most concern to us. However, these risks may not be the only ones we face. Additional risks and uncertainties, not presently known to us or that we currently deem immaterial, may also impair our business operations.

## ABILITY TO RESPOND TO THE BUSINESS ENVIRONMENT AND FASHION TRENDS

Our sales and operating results depend in part on our ability to predict or respond to changes in fashion trends and consumer preferences in a timely manner. Any sustained failure to identify and respond to emerging trends in lifestyle and consumer preferences could have a material adverse affect on our business. Consumer spending at our stores may be affected by many factors outside of our control, including consumer confidence, weather and other hazards of nature that affects consumer traffic, and general economic conditions.

## INVENTORY MANAGEMENT

We strive to ensure the merchandise we offer remains fresh and compelling to our customers. If we are not successful at predicting our sales trends and adjusting our purchases, we may have excess inventory, which would result in additional markdowns and reduce our operating performance.

## IMPACT OF COMPETITIVE MARKET FORCES

The retail industry environment continues to change for many of our vendors and customers. In the future, our competition may partner more effectively with vendors to serve the market's needs. If we do not effectively respond to changes in our environment, we may see a loss of market share to competitors, declining same-store sales, and declining profitability due to higher markdowns.

## STORE GROWTH STRATEGY

As of February 2007, our plans for the next five years include opening 26 new or relocated stores and remodeling 69 existing stores. Our future net sales at new, relocated or remodeled stores may not meet our projections, which could reduce our operating performance. Performance in our new stores could also be impacted based on our ability to hire employees who are able to deliver the level of service customers have come to expect when shopping at our stores. In the past, our expected opening dates have sometimes been delayed because of developer plan delays. Our future growth could be negatively impacted by delays to our store opening, relocating or remodeling plans.

## INFORMATION SECURITY AND PRIVACY

The protection of our customer, employee, and company data is critical to us. The regulatory environment surrounding information security and privacy is increasingly demanding, with the frequent imposition of new and constantly changing requirements across our business units. In addition, our customers have a high expectation that we will adequately protect their personal information. A significant breach of customer, employee, or company data could damage our reputation and result in lost sales, fines, and lawsuits.

## LEADERSHIP DEVELOPMENT AND SUCCESSION PLANNING

The training and development of our future leaders is critical to our long-term growth. If we do not effectively implement our strategic and business planning processes to train and develop future leaders, our long-term growth may suffer. In addition, if unexpected leadership turnover occurs without established succession plans, our business may suffer.

## MULTI-CHANNEL STRATEGY EXECUTION

In 2005, we started to make changes in our Direct business that better align our online shopping environment and catalog with the customer experience in our Full-Line stores. These changes include: aligning our Direct merchandise offering with our Full-Line stores to create a seamless experience for our customers between our stores, catalogs and Web site, linking the Full-Line stores and Direct merchandise organization; reducing the number and frequency of our Direct catalog mailings; and transitioning our Direct inventory system onto our Full-Line store platform, all while dealing with changes in the Internet market in general. Based on our online sales trends and customer feedback in 2006, we believe that our strategy shift will improve our future operating performance. We also found that the technology changes will be more challenging than we initially anticipated. Executing this strategy may cost more and take longer than expected, which could impact our future operating performance.

## BRAND AND REPUTATION

We have a well-recognized brand that is synonymous with the highest level of customer service and quality merchandise. Any significant damage to our brand or reputation may negatively impact same-store sales, lower employee morale and productivity, and diminish customer trust, resulting in a reduction in shareholder value.

## CAPITAL EFFICIENCY AND PROPER ALLOCATION

Our goal is to invest capital to maximize our overall long-term returns. This includes spending on inventory, capital projects and expenses, managing debt levels, managing accounts receivable through our credit business, and returning value to our shareholders through dividends and share repurchases. To a large degree, capital efficiency reflects how well we manage the other key risks to our Company. The actions taken to address other specific risks may affect how well we manage the more general risk of capital efficiency. Our recent operating results have raised expectations about our performance. If we do not properly allocate our capital to maximize returns, we may fail to continue to produce similar financial results and we may experience a reduction in shareholder value.

## HUMAN RESOURCE REGULATIONS

Our policies and procedures are designed to comply with human resource laws such as wage and hour, meal and rest period, and commissions. Federal and state wage and hour laws are complex, and the related enforcement is increasingly aggressive, particularly in the state of California. Failure to comply with these laws could result in damage to our reputation, class action lawsuits, and dissatisfied employees.

## EMPLOYMENT AND DISCRIMINATION LAWS

State and federal employment and discrimination laws and the related case law continue to evolve, making ongoing compliance in this area a challenge. Failure to comply with these laws may result in damage to our reputation, legal and settlement costs, disruption of our business, and loss of customers and employees, which would result in a loss of net sales and increased employment costs, low employee morale and attendant harm to our business and results of operations.

## TECHNOLOGY STRATEGY

We make investments in information technology to sustain our competitive position. We expect to spend approximately $\$ 170$ million each year on information technology operations and system development, which is key to our growth strategy. We must monitor and choose the right investments and implement them at the right pace. Targeting the wrong opportunities, failing to make the best investment, or making an investment commitment significantly above or below the requirements of the business opportunity may result in the loss of our competitive position. In addition, an inadequate investment in maintaining our current systems may result in a loss of system functionality and increased future costs to bring our systems up to date.
We may implement too much technology, or change too fast, which could result in failure to adopt the new technology if the business is not ready or capable of accepting it. Excessive technological change affects the effectiveness of adoption, and could adversely affect the realization of benefits from the technology. However, not implementing enough technology could compromise our competitive position.

## REGULATORY COMPLIANCE

Our policies and procedures are designed to comply with all applicable laws and regulations, including those imposed by the SEC, NYSE, the banking industry, and foreign countries. Additional legal and regulatory requirements such as the Sarbanes-Oxley Act have increased the complexity of the regulatory environment. In addition, foreign laws may conflict with domestic laws. Failure to comply with the various regulations may result in damage to our reputation, civil and criminal liability, fines and penalties, increased cost of regulatory compliance, and restatements of financial statements.

## ANTI-TAKEOVER PROVISIONS

We are incorporated in the state of Washington and subject to Washington state law. Some provisions of Washington state law could interfere with or restrict takeover bids or other change in control events affecting us. For example, one statutory provision prohibits us, except under specified circumstances, from engaging in any significant business transaction with any shareholder who owns $10 \%$ or more of our common stock (which shareholder, under the statute, would be considered an "acquiring person") for a period of five years following the time that such shareholder became an acquiring person.

## Item 1B. Unresolved Staff Comments.

None.

## Item 2. Properties.

The following table summarizes the number of retail stores owned or leased by us, and the percentage of total store square footage represented by each listed category at February 3, 2007:

|  | Number of Stores | \% of total store <br> square footage |
| :--- | ---: | ---: |
| Owned stores | 32 | $25.3 \%$ |
| Owned on leased land | 45 | $43.1 \%$ |
| Leased stores | 111 | $30.1 \%$ |
| Partly owned and partly leased | 3 | $1.5 \%$ |
| Total | 191 | $100.0 \%$ |

We also own six merchandise distribution centers located in Portland, Oregon; Dubuque, lowa; Ontario, California; Newark, California; Upper Marlboro, Maryland; and Gainesville, Florida, which are utilized by the Retail Stores segment. The Direct segment utilizes one fulfillment center in Cedar Rapids, lowa, which is owned on leased land. Our administrative offices in Seattle, Washington are a combination of leased and owned space. For one of our corporate office buildings in Seattle, we own a $49 \%$ interest in a limited partnership which constructed the office building in which we are the primary tenant. During 2002, the limited partnership refinanced its construction loan obligation with a mortgage secured by the property. This mortgage is included in our long-term debt and is amortized as we make rental payments to the limited partnership over the life of the mortgage. We also lease an office building in the Denver, Colorado metropolitan area that serves as an office of Nordstrom fsb and Nordstrom Credit, Inc.

## Table of Contents

The following table lists our retail store facilities as of February 3, 2007:

| Location | Store Name | Square Footage |  | Location | Store Name | Square Footage |  |

We plan to open three Full-Line stores and one Rack store in 2007 and eight Full-Line stores in 2008.

## Item 3. Legal Proceedings.

## Cosmetics

We were originally named as a defendant along with other department store and specialty retailers in nine separate but virtually identical class action lawsuits filed in various Superior Courts of the State of California in May, June and July 1998 that were consolidated in Marin County Superior Court. In May 2000, plaintiffs filed an amended complaint naming a number of manufacturers of cosmetics and fragrances and two other retailers as additional defendants. Plaintiffs' amended complaint alleged that the retail price of the "prestige" or "Department Store" cosmetics and fragrances sold in department and specialty stores was collusively controlled by the retailer and manufacturer defendants in violation of the Cartwright Act and the California Unfair Competition Act.

Plaintiffs sought treble damages and restitution in an unspecified amount, attorneys' fees and prejudgment interest, on behalf of a class of all California residents who purchased cosmetics and fragrances for personal use from any of the defendants during the four years prior to the filing of the original complaints.

While we believe that the plaintiffs' claims are without merit, we entered into a settlement agreement with the plaintiffs and the other defendants on July 13, 2003 in order to avoid the cost and distraction of protracted litigation. In furtherance of the settlement agreement, the case was refiled in the United States District Court for the Northern District of California on behalf of a class of all persons who currently reside in the United States and who purchased "Department Store" cosmetics and fragrances from the defendants during the period May 29, 1994 through July 16, 2003. The Court gave preliminary approval to the settlement, and a summary notice of class certification and the terms of the settlement was disseminated to class members. On March 30, 2005, the Court entered a final judgment approving the settlement and dismissing the plaintiffs' claims and the claims of all class members with prejudice, in their entirety. On April 29, 2005, two class members who had objected to the settlement filed notices of appeal from the Court's final judgment to the United States Court of Appeals for the Ninth Circuit. One of the objectors has since dropped her appeal, but the other filed her appeal brief on March 20, 2006. Plaintiffs' and defendants' briefs were filed on May 25, 2006. The remaining objector filed her reply brief on June 14, 2006. The Ninth Circuit heard oral arguments on the appeal on March 14, 2007. It is uncertain how long the Ninth Circuit will take to issue its decision or when the appeal will be resolved. If the District Court's final judgment approving the settlement is affirmed on appeal, or the appeal is dismissed, the defendants will provide class members with certain free products with an estimated retail value of $\$ 175$ million and pay the plaintiffs' attorneys' fees, awarded by the Court, of $\$ 24$ million. We do not believe the outcome of this matter will have a material adverse effect on our financial condition, results of operations or cash flows.

## Other

We are involved in routine claims, proceedings, and litigation arising from the normal course of our business. We do not believe any such claim, proceeding or litigation, either alone or in aggregate will have a material impact on our financial condition, results of operations, or cash flows.

## Item 4. Submission of Matters to a Vote of Security Holders.

None.

## PART II

## Item 5. Market for Registrant's Common Equity, Related Shareholder Matters and Issuer Purchases of Equity Securities.

## MARKET, SHAREHOLDER, AND DIVIDEND INFORMATION

Our common stock, without par value, is traded on the New York Stock Exchange under the symbol "JWN." The approximate number of holders of common stock as of March 14, 2007 was 151,926, based upon the number of registered and beneficial shareholders, as well as the number of employee shareholders in the Nordstrom 401(k) Plan and Profit Sharing.

The high and low sales prices of our common stock and dividends declared for each quarter of 2006 and 2005 are presented in the table below:

|  |  | Com | rice |  |  |  |
| :---: | :---: | :---: | :---: | :---: | :---: | :---: |
|  |  |  |  |  | Divi | hare |
|  | High | Low | High | Low | 2006 | 2005 |
| 1st Quarter | \$42.90 | \$37.51 | \$28.14 | \$23.91 | \$0.105 | \$0.065 |
| 2nd Quarter | \$39.50 | \$31.77 | \$37.46 | \$25.22 | \$0.105 | \$0.085 |
| 3rd Quarter | \$49.52 | \$32.97 | \$37.96 | \$30.41 | \$0.105 | \$0.085 |
| 4th Quarter | \$57.10 | \$45.37 | \$42.74 | \$33.58 | \$0.105 | \$0.085 |
| Full Year | \$57.10 | \$31.77 | \$42.74 | \$23.91 | \$0.42 | \$0.32 |

## REPURCHASES

(Dollars in millions except per share amounts)
A summary of our fourth quarter share repurchases are as follows:

|  | Total Number of <br> Shares (or Units) <br> Purchased | Average <br> Price Paid <br> Per Share <br> (or Unit) | Total Number of Shares <br> (or Units) Purchased as <br> Part of Publicly Announced <br> Plans or Programs | Maximum Number (or Approximate Dollar <br> Value) of Shares (or Units) that May Yet Be |
| :--- | ---: | ---: | ---: | ---: | ---: |
| Purchased Under the Plans or Programs ${ }^{2}$ |  |  |  |  |

1 Included in this balance are 600 shares that were not redeemed as part of a publicly announced repurchase plan or program. These shares were tendered by an employee to Nordstrom for tax withholding purposes

2 In May 2006, our Board of Directors authorized a $\$ 1,000.0$ share repurchase program. The prior $\$ 500.0$ repurchase program, which was started in February 2005, was completed during the first quarter of 2006. During 2006, we purchased 5,422,362 shares of our common stock for an aggregate purchase price of $\$ 212.9$ (an average price per share of $\$ 39.27$ ) under the prior repurchase program. We purchased $11,122,977$ shares of our common stock for an aggregate purchase price of $\$ 408.6$ (an average price per share of $\$ 36.74$ ) under the current repurchase program. As of February 3,2007 the unused authorization was $\$ 591.4$. The actual amount and timing of future share repurchases will be subject to market conditions and applicable SEC rules.

## STOCK PRICE PERFORMANCE

The following graph compares, for each of the last five fiscal years, ending February 3, 2007, the cumulative total return of Nordstrom, Inc. common stock, Standard \& Poor's 500 Index and Standard \& Poor's Retail Index. The Retail Index is comprised of 38 retail companies, including the Company, representing a sector of the Standard \& Poor's 500 Index. The cumulative total return of Nordstrom, Inc. common stock assumes $\$ 100$ invested on January 31, 2002 in Nordstrom, Inc. common stock and assumes reinvestment of dividends.

Same-stores include stores that have been open at least one full year at the beginning of the year. Fiscal year 2006 includes an extra week (the 53rd week) as a result of our 4-5-
4 retail reporting calendar. The 53 rd week is not included in same-store sales calculations.
2 Gross profit rate is calculated as the gross profit as a percentage of net sales.
${ }^{3}$ Selling, general, and administrative rate is calculated as the selling, general, and administrative expenses as a percentage of net sales.
42002 - The items below amounted to a net $\$ 90,638$ charge ( $\$ 71,041$, net of tax, or $\$ 0.26$ per diluted share):

- Selling, general and administrative expenses included an impairment charge of $\$ 15,570$ related to the write-down of an information technology investment in a supply chain software application in our private label business.
- We purchased the outstanding shares of Nordstrom.com, Inc. series C preferred stock for $\$ 70,000$. The minority interest purchase and reintegration costs resulted in a one-time charge of $\$ 53,168$. No tax benefit was recognized as there was no possibility of a future tax benefit.
- When we adopted SFAS No. 142, Goodwill and Other Intangible Assets, our initial impairment test of the Façonnable Business Unit resulted in an impairment charge to acquired tradename of $\$ 16,133$ and to goodwill of $\$ 5,767$. The impairment charge is reflected as a cumulative effect of accounting change ( $\$ 13,359$, net of tax).
5 In 2002, earnings before income tax expense and earnings before income tax expense as a percentage of net sales do not include the cumulative effect of an accounting change of $\$ 13,359$, net of tax of $\$ 8,541$

| Book value per share | 4.61 | 4.48 | 4.58 | 4.78 | 4.57 |
| Total assets | 3,608,503 | 3,062,081 | 3,103,689 | 2,890,664 | 2,726,495 |
| Store Information (at year end) |  |  |  |  |  |
| Full-Line stores | 77 | 71 | 67 | 65 | 62 |
| Rack and other stores | 43 | 33 | 30 | 27 | 21 |
| International Façonnable boutiques | 20 | 0 | 0 | 0 | 0 |
| Total square footage | 16,056,000 | 14,487,000 | 13,593,000 | 12,614,000 | 11,754,000 |

1 Same-stores include stores that have been open at least one full year at the beginning of the year
2 Gross profit rate is calculated as the gross profit as a percentage of net sales
${ }^{3}$ Selling, general, and administrative rate is calculated as the selling, general, and administrative expenses as a percentage of net sales,
42000 - The items below amounted to a net $\$ 56,084$ charge ( $\$ 34,211$, net of tax, or $\$ 0.13$ per diluted share):

- Selling, general and administrative expenses included a charge of $\$ 13,000$ for certain severance and other costs related to a change in management.

We recorded an impairment charge of $\$ 10,227$, consisting of $\$ 9,627$ recorded in selling, general and administrative expenses and $\$ 600$ in interest expense, related to several software projects under development that were either impaired or obsolete.

- We held common shares in Streamline, Inc., an Internet grocery and consumer goods delivery company. Streamline ceased its operations effective November 2000, and we wrote off our entire investment of $\$ 32,857$ in Streamline.
1999 - The item below amounted to a net $\$ 10,000$ charge ( $\$ 6,111$, net of tax, or $\$ 0.02$ per diluted share):
- Selling, general and administrative expenses included a charge of $\$ 10,000$ primarily associated with the restructuring of our information technology services area. The charge consisted of $\$ 4,053$ in the disposition of several software projects under development, $\$ 2,685$ in employee severance and $\$ 1,206$ in other miscellaneous costs. Additionally, we recorded $\$ 2,056$ related to settlement costs for two lawsuits.

## Item 7. Management's Discussion and Analysis of Financial Condition and Results of Operations.

Nordstrom is a fashion specialty retailer offering high-quality apparel, shoes, cosmetics and accessories for women, men and children. We offer a wide selection of brand name and private label merchandise. We offer our products through multiple retail channels including our Full-Line 'Nordstrom' stores, our discount 'Nordstrom Rack' stores, our 'Façonnable' boutiques, our catalogs and on the Internet at www.nordstrom.com. Our stores are located throughout the United States and we have 36 Façonnable boutiques located in France, Portugal, and Belgium. In addition, we offer our customers a variety of payment products and services including our loyalty program.

## STRATEGIC INITIATIVES

We believe we are well positioned to grow the value of our business by executing our strategy through the following key initiatives: enhancing our merchandise offering within our existing product categories, improving the shopping experience for our customers across all channels, and continuing to increase our presence where our customers shop.

## Merchandise Strategies

We've found that there's a great deal of opportunity to grow our sales in existing stores simply by earning a greater share of our customers' business across multiple product categories. Our new systems and merchandising disciplines have helped us begin to take advantage of opportunities for increased sales by enhancing our ability to keep inventories fresh and turn them more rapidly. Customers are responding favorably to "newness" across all merchandise categories, leading to meaningful gains in areas such as men's apparel, accessories, women's and kids' shoes and cosmetics throughout 2006. A consistently strong performer in 2006 was our designer category, including apparel, shoes and accessories merchandise. We are continuing to expand our offering of designer merchandise.

## Multi-Channel Shopping Experience

Our future success continues to depend upon our ability to provide our customers with a superior and fully integrated shopping experience. As a multi-channel retailer, we are uniquely positioned to respond to evolving customer needs and expectations. The necessary resources have been committed and critical projects are underway in this effort. We are installing a new inventory system, and we are expanding both our fulfillment and call centers in Cedar Rapids, Iowa.
Our online store is essential to creating relationships with many of our most active and loyal customers. Many customers who start shopping with us online migrate to our stores. By giving customers a more similar shopping experience in-store and online, we're making progress to become more relevant to today's shoppers.

## Increase Our Presence

Given the industry consolidation impacting many of our competitors, we see potential to gain market share and grow our business by increasing our presence where our customers live. Fortunately, we are in an advantageous position to reach new customers through building stores and enhancing our current ones. We've recently launched a $\$ 2.8$ billion capital plan, with $80 \%$ of the dollars allocated to customer-facing investments, primarily new stores, remodels and relocations.
We will continue with a disciplined approach to real estate acquisitions, adding new stores when and where they pass our criteria. Our current strategy calls for a $4 \%$ to $5 \%$ increase in square footage growth through 2011 with 26 new or relocated stores announced through 2011.
OVERVIEW For the first time in our history, our earnings before income tax expense exceeded $\$ 1$ billion in 2006. This result was driven primarily by the combination of continued sales growth, gross profit rate expansion and leverage of selling, general and administrative expenses. Key highlights include:

- We achieved positive same-store sales growth for the fifth year in a row. Same-store sales increased $7.5 \%$ on top of our $6.0 \%$ increase in 2005 and our $8.5 \%$ increase in 2004.
- Our gross profit rate increased 75 basis points primarily due to merchandise margin expansion.
- With the sales growth mentioned above, we leveraged our overhead costs, resulting in a 37 basis point improvement in our selling, general and administrative expense rate.
- Full year earnings per diluted share increased $28.8 \%$ over last year to $\$ 2.55$.

Like many other retailers, Nordstrom follows the retail 4-5-4 reporting calendar, which included an extra week in fiscal 2006 (the 53rd week). The 53rd week is not included in same-store sales calculations.

## RESULTS OF OPERATIONS

## Net Sales (Dollars in Millions)

| Fiscal Year | $\mathbf{2 0 0 6}$ | $\mathbf{2 0 0 5}$ | $\mathbf{2 0 0 4}$ |
| :--- | ---: | ---: | ---: |
| Net sales | $\mathbf{\$ 8 , 5 6 0 . 7}$ | $\$ 7,722.9$ | $\$ 7,131.4$ |
| Net sales increase | $\mathbf{1 0 . 8 \%}$ | $8.3 \%$ | $10.6 \%$ |
| Same-store sales increase | $\mathbf{7 . 5 \%}$ | $6.0 \%$ | $8.5 \%$ |
| Percentage of net sales by merchandise category: |  |  |  |
| Women's apparel | $\mathbf{3 5 \%}$ | $35 \%$ | $36 \%$ |
| Shoes | $\mathbf{2 0 \%}$ | $21 \%$ | $20 \%$ |
| Men's apparel | $\mathbf{1 8 \%}$ | $18 \%$ | $18 \%$ |
| Cosmetics | $\mathbf{1 1 \%}$ | $11 \%$ | $11 \%$ |
| Women's accessories | $\mathbf{1 0 \%}$ | $9 \%$ | $9 \%$ |
| Children's apparel | $\mathbf{3 \%}$ | $3 \%$ | $3 \%$ |
| Other | $\mathbf{3 \%}$ | $3 \%$ | $3 \%$ |

2006 VS 2005 NET SALES
All of our Full-Line store regions and most of our Full-Line store merchandise categories had same-store sales increases. Our Full-Line stores had a $5.9 \%$ same-store sales increase, ahead of last year's result of $5.4 \%$. Some other retailers who combine an offering of high-end merchandise and customer service continued to experience positive sales growth in 2006. Our largest same-store sales increases came from our accessories, cosmetics and men's apparel merchandise categories. Women's apparel experienced same-store sales decreases in the first half of the year, but had same-store sales increases in the second half, resulting in a low single digit increase for the full year. The designer category, which benefited from additional investment because it is an important component of our merchandise strategy, had a double-digit same-store sales increase.

Our Rack same-store sales increased $10.9 \%$ in 2006, on top of last year's $14.8 \%$ increase. Rack purchases the majority of its merchandise from third-parties and serves as a clearance channel for our Full-Line stores. The sales growth came from all regions and merchandise categories.

Our online store sales drove Nordstrom Direct's 2006 total net sales increase of $23.0 \%$. Our online sales benefited from the overall Internet marketplace expansion, driven by the continued adoption of higher-speed Internet connections which allow for convenient and efficient shopping, as well as utilization of the Internet as a tool for research and information before making a purchase decision. Catalog sales experienced an overall decline because we reduced our catalog mailings beginning in the middle of 2005.

Total net sales increased $10.8 \%$ as a result of our same-store sales increases as well as from the five Full-Line stores and one Rack store opened since February 2005. We also relocated one Full-Line store and expanded one Rack store, which contributed to our increase in total net sales. In the 53rd week, we had sales of $\$ 117.7$. Sales for the 53 rd week represented $1.5 \%$ of the total percentage increase versus the prior year.

2005 VS 2004 NET SALES
In our Full-Line stores, our accessories, cosmetics and men's apparel merchandise categories experienced the largest same-store sales increases. Our shoes division had same-store sales increases. Our women's apparel merchandise category had mixed same-store sales performance; women's intimate, junior and contemporary apparel were the leaders in the women's category, while women's special sizes, better and bridge apparel had same-store sales decreases in 2005.

Our Rack same-store sales increased $14.8 \%$ in 2005, on top of an increase of $13.2 \%$ in 2004 . Our sales increase was driven by the Rack's merchandise mix, especially our ability to offer customers branded merchandise.

Nordstrom Direct's 2005 sales, including shipping revenue, increased by 1.1\%. Online store sales had a double-digit increase. In February 2005, we reduced our shipping fees, which drove additional online sales but reduced our overall shipping revenue. As part of the multi-channel strategy (see page 6), we reduced our Direct catalog mailings significantly beginning in July 2005 and we shifted the merchandise offering to be more aligned with the Full-Line stores. The decrease in the number of Direct catalog mailings, along with a continuing shift of catalog customers to our online store, resulted in a drop in catalog sales in 2005.

Total net sales also increased as a result of our same-store sales increases as well as from the six Full-Line stores opened since February 2004.

2007 FORECAST OF SAME-STORE SALES
In 2007, we plan to open three Full-Line stores and one Rack store, increasing retail square footage by approximately $2.4 \%$. We are assuming low single digit same-store sales growth in our Full-Line and Rack stores, with a higher growth rate for Nordstrom Direct. In total, we expect 2007 same-store sales to increase 3\% to 4\%.

## Gross Profit (Dollars in Millions Except Per Square Foot Amounts)

| Fiscal Year | $\mathbf{2 0 0 6}$ | $\mathbf{2 0 0 5}$ | $\mathbf{2 0 0 4}$ |
| :--- | ---: | ---: | ---: |
| Gross profit | $\mathbf{\$ 3 , 2 0 6 . 7}$ | $\$ 2,834.8$ | $\$ 2,572.0$ |
| Gross profit rate | $\mathbf{3 7 . 5 \%}$ | $36.7 \%$ | $36.1 \%$ |
| Average inventory per square foot | $\mathbf{\$ 5 2 . 3 7}$ | $\$ 51.25$ | $\$ 52.46$ |
| Inventory turnover rate* | $\mathbf{5 . 0 6}$ | 4.84 | 4.51 |

* Inventory turnover rate calculated as 5-quarter average inventory divided by annual cost of sales.

2006 VS 2005 GROSS PROFIT
Our gross profit rate improved 75 basis points, driven primarily by expansion of our merchandise margin rate. All major merchandise categories contributed to this rate expansion, in part due to an increase of regular price merchandise sales. Our women's apparel category experienced significant rate expansion in the second half of the year due to strategy changes that brought a sharper focus to our merchandise offering.

For the first time, this year our buying and occupancy costs included expenses related to stock options awarded primarily to our merchant and product development groups. These costs were $\$ 11.9$ and impacted our gross profit rate by 14 basis points. Despite this additional expense, we leveraged our buying and occupancy costs on sales growth.
Sales growth and continued inventory discipline resulted in improvement in our inventory turnover rate, which increased 4.5\%.
2005 VS 2004 GROSS PROFIT
While we showed growth in our same-store sales in 2005, we held buying and occupancy costs relatively consistent with 2004. In addition, our merchandise costs increased in-line with our sales increases. As a result, we drove a gross profit rate improvement of 60 basis points.
Our inventory turnover rate improved $7.3 \%$ in 2005, indicating that our merchandise planning and execution have continued to improve.

## 2007 FORECAST OF GROSS PROFIT

In 2007, if we achieve our planned same-store sales growth, we expect a net 30 to 40 basis point improvement in our gross profit rate from continued sales leverage on buying and occupancy costs along with improved merchandise margin.

## Selling, General and Administrative Expenses (Dollars in Millions)

| Fiscal Year | $\mathbf{2 0 0 6}$ | $\mathbf{2 0 0 5}$ | $\mathbf{2 0 0 4}$ |
| :--- | ---: | ---: | ---: |
| Selling, general and administrative expenses | $\mathbf{\$ 2 , 2 9 6 . 9}$ | $\$ 2,100.7$ | $\$ 2,020.2$ |
| Selling, general and administrative rate | $\mathbf{2 6 . 8 \%}$ | $27.2 \%$ | $28.3 \%$ |

2006 VS 2005 SELLING, GENERAL AND ADMINISTRATIVE EXPENSES
We expect our selling, general and administrative rate to decrease when sales increase as we gain leverage on our fixed overhead costs. This rate decreased in 2006, but the decrease was less than the 2005 improvement. In 2005, our selling, general, and administrative rate was reduced by 24 basis points for favorable developments in our workers' compensation reserve. In 2006, our selling, general and administrative rate was unfavorably impacted by 20 basis points for new stock option expenses from the adoption of Statement No. 123(R), Share-Based Payment ("SFAS 123(R)").
2005 VS 2004 SELLING, GENERAL AND ADMINISTRATIVE EXPENSES
The primary component of our selling, general and administrative expenses that varies with our same-store sales is our selling costs. Most of our other expenses do not fluctuate with changes in our same-store sales. In 2005, as our same-store sales increased 6.0\%, our general and administrative expenses were essentially in-line with 2004 and we benefited from a favorable adjustment to our workers' compensation reserve. These factors combined to give us a 110 basis point decrease in our selling, general and administrative rate.

## 2007 FORECAST OF SELLING, GENERAL AND ADMINISTRATIVE EXPENSES

In 2007, our selling, general and administrative rate is expected to increase by 5 to 15 basis points due to the impact of an upcoming securitization transaction (see Off-Balance Sheet Financing on page 21) and incremental new store pre-opening costs (see Investing Activities on page 20). These two factors, which are expected to increase our selling, general and administrative expenses by $\$ 37$ to $\$ 47$, or 45 to 55 basis points, will offset the expected 35 to 45 basis points of rate improvement from additional sales leverage on fixed overhead costs.

| Fiscal Year | $\mathbf{2 0 0 6}$ | $\mathbf{2 0 0 5}$ | $\mathbf{2 0 0 4}$ |
| :--- | ---: | ---: | ---: |
| Interest expense, net | $\$ 42.8$ | $\$ 45.3$ | $\$ 77.4$ |

2006 VS 2005 INTEREST EXPENSE, NET
Interest expense, net decreased $\$ 2.5$ in 2006 compared to 2005. The decrease is primarily due to increased interest income from higher average cash investment balances.

2005 VS 2004 INTEREST EXPENSE, NET
Interest expense, net decreased $\$ 32.1$ in 2005 compared to 2004. The decrease is primarily due to debt prepayment costs of $\$ 20.9$ incurred in 2004 in connection with a \$198.2 debt buyback. We did not incur similar costs in 2005.
2007 FORECAST OF INTEREST EXPENSE, NET
We expect interest expense, net to be flat in 2007 due to the upcoming securitization transaction (see Off-Balance Sheet Financing on page 21).

## Other Income Including Finance Charges, Net (Dollars in Millions)

| Fiscal Year | $\mathbf{2 0 0 6}$ | $\mathbf{2 0 0 5}$ | $\mathbf{2 0 0 4}$ |
| :--- | ---: | ---: | ---: |
| Other income including finance charges, net | $\mathbf{\$ 2 3 8 . 5}$ | $\$ 196.4$ | $\$ 172.9$ |
| Other income including finance charges, net as a percentage of net sales | $\mathbf{2 . 8 \%}$ | $2.5 \%$ | $2.4 \%$ |

2006 VS 2005 OTHER INCOME INCLUDING FINANCE CHARGES, NET
Other income including finance charges, net increased $\$ 42.2$, primarily due to growth in the co-branded VISA credit card program. The principal balances of receivables in the VISA credit card, which are held by a separate trust in which we hold a certificated interest, increased 22.9\% during 2006. The receivables growth increase produces an increase in the trust's earnings and our income.

In addition, income from finance charges on our private label card has increased due to program growth.
In July 2006, we received $\$ 5.6$ of proceeds from the VISA Check/Master Money Antitrust Litigation. These proceeds were recorded as a gain in the second quarter of 2006 in other income including finance charges, net.
2005 VS 2004 OTHER INCOME INCLUDING FINANCE CHARGES, NET
Other income including finance charges, net increased $\$ 23.4$, due to earnings growth in the Nordstrom fsb co-branded VISA credit card program and our gift card breakage income of $\$ 8.0$. The principal balances of receivables in the VISA credit card, which are held by a separate trust in which we hold a certificated interest, increased 20.6\% during 2005.
Gift card breakage income was a new component of income in 2005. Unclaimed property legislation changed in 2004 to allow us to retain unused balances on gift cards. We analyzed the experience of our program since it was introduced in 1999, and we determined that balances remaining on cards issued five years ago are unlikely to be redeemed. The breakage income recognized in 2005 includes $\$ 2.6$ and $\$ 5.4$ for cards issued in 1999 and 2000. Breakage income is approximately $3.5 \%$ of the amount of initially issued gift cards.
2007 FORECAST OF OTHER INCOME INCLUDING FINANCE CHARGES, NET
In 2007, other income including finance charges, net is expected to increase approximately $\$ 25.0$ to $\$ 35.0$. The co-branded VISA receivables will be recorded on the balance sheet initially at fair value with no allowance for credit losses. Normal write-offs for uncollectible VISA receivables, estimated at $\$ 19$ along with other costs net at $\$ 4$, will be recorded in other income including finance charges, net over the eight month period following the transaction.

## Income Tax Expense (Dollars in Millions)

| Fiscal Year | $\mathbf{2 0 0 6}$ | $\mathbf{2 0 0 5}$ | $\mathbf{2 0 0 4}$ |
| :--- | ---: | ---: | ---: |
| Income tax expense | $\mathbf{\$ 4 2 7 . 7}$ | $\$ 333.9$ | $\$ 253.8$ |
| Effective tax rate | $\mathbf{3 8 . 7 \%}$ | $37.7 \%$ | $39.2 \%$ |

2006 VS 2005 INCOME TAX EXPENSE
Our expected effective tax rate, considering the federal tax rate of $35.0 \%$ and the net effect of state income taxes, is $38.5 \%$. Our actual effective tax rate was slightly higher than our expected rate because our estimates of the taxes due for prior years increased based on recent developments.

2005 VS 2004 INCOME TAX EXPENSE
In 2005, our actual effective tax rate was below our expected $38.5 \%$ because our 2004 tax expense, which was finalized in the third quarter of 2005, was less than we planned; we reduced our reserve when the audits of our 2000 and 2001 federal tax returns were completed; and, we utilized a larger than previously estimated amount of our capital loss carryforward.

2007 FORECAST OF INCOME TAX EXPENSE
In 2007, we expect our effective tax rate to be $38.5 \%$.

## Net Earnings and Earnings per Diluted Share (Dollars in Millions Except Per Share Amounts)

| Fiscal Year | $\mathbf{2 0 0 6}$ | $\mathbf{2 0 0 5}$ | $\mathbf{2 0 0 4}$ |
| :--- | ---: | ---: | ---: |
| Net earnings | $\mathbf{\$ 6 7 8 . 0}$ | $\$ 551.3$ | $\$ 393.5$ |
| Net earnings as a percentage of net sales | $\mathbf{7 . 9 \%}$ | $7.1 \%$ | $5.5 \%$ |
| Earnings per diluted share | $\mathbf{\$ 2 . 5 5}$ | $\$ 1.98$ | $\mathbf{\$ 1 . 3 8}$ |

2006 VS 2005 NET EARNINGS AND EARNINGS PER DILUTED SHARE
Our $7.5 \%$ same-store sales increase combined with gross profit rate improvement and sales leverage on selling, general and administrative expenses drove net earnings of $\$ 678.0$ and earnings per diluted share of $\$ 2.55$. During the year, we repurchased 16.5 million shares of our common stock, favorably impacting earnings per diluted share by $\$ 0.10$. The 53 rd week contributed $\$ 0.02$ to earnings per diluted share.

2005 VS 2004 NET EARNINGS AND EARNINGS PER DILUTED SHARE
In 2005, net earnings increased $40.1 \%$ and earnings per diluted share increased $43.5 \%$ as a result of our same-store sales growth and sales leverage on buying and occupancy and general and administrative expenses. In 2004, we incurred prepayment costs and wrote off deferred debt costs totaling $\$ 20.9$, or $\$ 0.05$ per diluted share, upon prepayment of $\$ 198.2$ of long-term debt. We did not incur similar costs in 2005.
2007 FORECAST OF EARNINGS PER DILUTED SHARE
We expect our earnings per diluted share to be in the range of $\$ 2.78$ to $\$ 2.84$ in 2007. The securitization transaction is expected to impact earnings per diluted share by $\$ 0.05$ and the incremental pre-opening costs for new stores are expected to impact earnings per diluted share by \$0.03.

## Fourth Quarter Results (Dollars in Millions)

Net earnings for the fourth quarter of 2006 were $\$ 232.3$ compared with $\$ 190.4$ in 2005. Total sales for the quarter increased $14.6 \%$ to $\$ 2,630.9$ and same-store sales increased by $8.3 \%$. Sales in the 53 rd week of $\$ 117.7$ represented $5.1 \%$ of the total percentage increase versus the prior year. Strong regular price sales across all major merchandise categories throughout the quarter and a successful holiday season resulted in same-store sales growth above our overall sales plan. Our designer apparel, accessories, men's apparel, and cosmetics merchandise categories experienced the largest same-store sales increases. As it did in the third quarter, our women's apparel category had a mid-single digit increase.

Our gross profit rate increased to $38.3 \%$ from $37.5 \%$ last year. Merchandise margin improved versus the prior year, driven mainly by lower markdowns and higher sell-through of inventory, especially in women's apparel.

Our selling, general and administrative rate improved 20 basis points from $26.2 \%$ to $26.0 \%$. Overall, expenses during the fourth quarter trended in line with the improved performance in sales and gross profit compared to last year. Performance-based incentive compensation costs driven by goals for total year results and share price appreciation accelerated above plan, as fiscal 2006 sales, gross profit, and earnings before income tax expense results exceeded our plan.

## Return on Invested Capital (ROIC) (Non-GAAP financial measure) (Dollars in Millions)

In the past two years, we have incorporated Return on Invested Capital (ROIC) into our key financial metrics, and since 2005 have used it as an executive incentive measure. Overall performance as measured by ROIC correlates directly to shareholders' return over the long-term. For the 12 fiscal months ended February 3, 2007, we improved our ROIC to $20.9 \%$ compared to $16.9 \%$ for the 12 months ended January $28,2006$. Our ROIC improved primarily from increased earnings before interest and taxes. See our GAAP ROIC reconciliation below. The closest GAAP measure is return on assets, which improved to $14.0 \%$ from $11.5 \%$ for the last 12 months ended February 3,2007 compared to the 12 months ended January 28, 2006.

## We define ROIC as follows:

$$
\text { ROIC }=\frac{\text { Net Operating Profit after Taxes (NOPAT) }}{\text { Average Invested Capital }}
$$

[^0]4 Based upon the trailing 12-month average of the monthly asset base which is calculated as the trailing 12 months rent expense multiplied by 8.

## LIQUIDITY AND CAPITAL RESOURCES (Dollars in Millions)

Overall, cash decreased by $\$ 60.1$ to $\$ 402.6$ as of February 3, 2007. Over the course of the year, we sold $\$ 350.0$ of our interest in the cobranded VISA receivables primarily to retire $\$ 300.0$ of debt, and we repurchased $\$ 621.5$ worth of stock. Our strong cash flow and low debt levels place us in a position of flexibility to support our value growth plan.

## Operating Activities (Dollars in Millions)

## 2006 VS 2005 OPERATING ACTIVITIES

Net cash flow from operating activities increased from $\$ 776.2$ to $\$ 1,142.4$, an increase of $\$ 366.2$ primarily because we reduced our investment in asset backed securities by $\$ 350.0$ to fund the repayment of $\$ 300.0$ of private label securitization debt. Also, we were successful in expanding our private label charge card and co-branded Nordstrom VISA credit card programs, which increased our investment in these programs but provided increased earnings.

## 2005 VS 2004 OPERATING ACTIVITIES

Net cash flow from operating activities increased from $\$ 606.3$ to $\$ 776.2$, an increase of $\$ 169.9$ primarily due to the growth in our net earnings. Our co-branded VISA credit card program continued to grow in 2005 as we increased the capital we allocate to fund this program. Under our co-branded VISA program, we earn interchange and finance charge income and we offer card holders merchandise certificates, which can be redeemed in our stores, similar to a gift certificate.
In the course of negotiating for store locations, some developers offer up-front cash payments to defray our capital expenditures in exchange for our commitment to operate a store in their development. In 2005, we received incentives totaling \$49.5, which is an increase of $\$ 29.6$ over 2004. Property incentive receipts vary year to year, depending on the number of our store openings and remodels and the arrangements we negotiate with developers.

## 2007 FORECAST FOR OPERATING ACTIVITIES

In 2007, we will move the co-branded VISA receivables onto our balance sheet as part of the securitization transition (see Off-Balance Sheet Financing on page 21). We expect operating cash flows to decrease due to this change and receivable growth. Increased net earnings are expected to partially offset this decrease.

## Investing Activities (Dollars in Millions)

In the past three years, we have had two principal types of investing activities: capital expenditures and short-term investments.

## CAPITAL EXPENDITURES

Our annual capital expenditures ranged from $\$ 246.9$ to $\$ 271.7$ between 2004 and 2006. The largest components of these expenditures were for new or relocated stores and store remodels.

In 2006 we opened one Full-Line store at The Gardens Mall in Palm Beach Gardens, Florida, we relocated our Topanga store in Canoga Park, California and we opened one Rack store at Grand Plaza in San Marcos, California. Together these openings increased our gross square footage approximately $1.2 \%$. Our total square footage as of February 3,2007 was 20.2 million. In 2006, $35 \%$ of our capital expenditures were for new or relocated stores, $32 \%$ were for major remodels and $7 \%$ were for minor remodels. In addition, $13 \%$ of our capital expenditures were for information technology and $13 \%$ were for other projects.
Our capital expenditures over the last three years totaled $\$ 782.9$. These capital expenditures were offset by property incentives of $\$ 100.0$. With these capital expenditures, we added stores, enhanced existing facilities and improved our information systems. More than 1.0 million square feet of retail store space have been added during this period, representing an increase of $5.4 \%$ since January 31, 2004.

We expect that our capital expenditures will be approximately $\$ 2,800.0$ over the next five years, with $\$ 520.0$ to $\$ 540.0$ planned for 2007. We plan to use $52 \%$ of this investment to build new stores, $27 \%$ on remodels, $9 \%$ on information technology and $12 \%$ for minor remodels and other projects.
Compared to the previous five years, capital expenditures will increase $138 \%$, with increased spending allocated to new stores. Our current strategy calls for a $4 \%$ to $5 \%$ annual increase in square footage growth, with 26 new or relocated stores announced through 2011; over half of these stores will be in our Northeast and Midwest regions. The estimated capital project spending does not include potential investments in new stores resulting from the current industry consolidation. We believe we have the capacity to address additional capital investments should opportunities arise.

In the second half of 2007, we expect to open three new Full-Line stores and one Rack store, and in the first quarter of 2008, we expect to open four new Full-Line stores. We typically incur the majority of our pre-opening costs in the six months prior to opening. In 2007, new store pre-opening costs, which will be recorded in selling, general and administrative expenses, are expected to impact our earnings per diluted share by $\$ 0.03$.

As of February 3, 2007, we were contractually committed to spend $\$ 32.2$ for constructing new stores, remodeling existing stores, and other capital projects.

SHORT-TERM INVESTMENTS
In 2006, we sold our short-term investments and primarily used the proceeds for common stock repurchases.

## Financing Activities (Dollars in Millions)

Over the past three years, our net operating cash inflows have exceeded our net investing cash outflows, and we used this excess cash flow to repay long-term debt, pay dividends, and to repurchase our common stock. Over this three-year period, the price of our common stock has increased, which spurred stock option exercises that also increased our net cash.
DEBT RETIREMENT
The following table outlines our debt retirement activity:

| Fiscal Year | 2006 | 2005 | 2004 |
| :---: | :---: | :---: | :---: |
| Principal repaid or retired: |  |  |  |
| Private Label Securitization, 4.82\%, due 2006 | \$300.0 | - | - |
| Senior notes, 8.95\%, due 2005 | - | - | \$196.8 |
| Notes payable, 6.7\%, due 2005 | - | \$96.0 | \$1.5 |
| Total | \$300.0 | \$96.0 | \$198.3 |
| Total cash payment | \$300.0 | \$96.0 | \$220.1 |

We retired the $\$ 300.0$, 4.82\% Private Label Securitization debt when it matured in October 2006. We repaid the remaining $\$ 96.0$ of our $6.7 \%$ medium-term notes when they matured in 2005. The cash payments in 2004 that exceeded the principal retired represent early prepayment premiums.

## SHARE REPURCHASE

In August 2004, our Board of Directors authorized $\$ 300.0$ of share repurchases, replacing a previous share repurchase authorization. By the end of 2004, we purchased 13.8 million shares in the open market for the entire authorized amount of $\$ 300.0$ at an average price of $\$ 21.71$ per share.

In February 2005, our Board of Directors authorized an additional $\$ 500.0$ of share repurchases. Overall for 2005, we purchased 8.5 million shares for $\$ 287.1$ at an average price of $\$ 33.80$ per share. We utilized the remaining authorization of $\$ 212.9$ in February and March of 2006, purchasing 5.4 million shares at an average price of $\$ 39.27$ per share.
Our Board of Directors authorized an additional $\$ 1,000.0$ of share repurchases in May 2006. During the remainder of the year we repurchased 11.1 million shares for $\$ 408.6$ at an average price of $\$ 36.74$. As of February 3, 2007 the unused authorization was $\$ 591.4$. The actual amount and timing of future share repurchases will be subject to market conditions and applicable SEC rules

## Debt-to-Capital Ratio

Our recent favorable operating results increased our shareholders' equity and allowed us to reduce our long-term debt, which contributed to a decrease in our debt-to-capital ratio from $36.5 \%$ at the end of 2004 to $22.5 \%$ at the end of 2006. In the third quarter of 2006, we repaid $\$ 300.0$ of long-term debt by selling a portion of our interest in the co-branded Nordstrom VISA receivable trust. This arrangement put us below our target debt-to-capital range of $25 \%$ to $40 \%$. In the first quarter of 2007, we will be increasing our debt and asset levels as a result of a new cobranded Nordstrom VISA securitization transaction. Both the co-branded Nordstrom VISA receivables and the debt backed by those receivables will be recorded on our balance sheet. In anticipation of this new securitization structure, we are adjusting our target debt-to-capital ratio range to $30 \%$ to $45 \%$ going forward.

## Off-Balance Sheet Financing (Dollars in Millions)

Through our wholly owned federal savings bank, Nordstrom fsb, we offer a private label charge card and two co-branded Nordstrom VISA credit cards. The private label charge card receivables are held in a trust, which may issue third-party debt that is securitized by the private label receivables; the private label program is treated as 'on-balance sheet', with the receivables, net of bad debt allowance, and debt, if any, recorded on our balance sheet, the finance charge income recorded in other income including finance charges, net, and the bad debt expense recorded in selling, general and administrative expenses.

The co-branded Nordstrom VISA credit card receivables are held in a separate trust (the VISA Trust), which may issue third-party debt that is securitized by the co-branded Nordstrom VISA credit card receivables. The co-branded Nordstrom VISA credit card program is treated as "offbalance sheet.' We record the fair value of our interest in the VISA Trust on our balance sheet, gains on the sale of receivables to the VISA Trust and our share of the VISA Trust's finance income in other income including finance charges, net. As of February 3, 2007, the VISA Trust had co-branded Nordstrom VISA credit card receivables with a total face amount of $\$ 908.0$ and had outstanding two series of notes held by third-parties: $\$ 200.0$ of 2002 Class A\&B notes that mature in April 2007, and $\$ 350.0$ of 2004-2 variable funding notes that may be renewed in August 2007. In fiscal 2006, the co-branded Nordstrom VISA credit card receivables had an average gross yield of $16.8 \%$ and average annual credit losses of $2.8 \%$. The weighted average interest rate on the third-party notes was $5.3 \%$.

Following the repayment of the VISA Trust's $\$ 200.0$ notes in April 2007, we plan to merge the private label charge card and co-branded VISA programs into one securitization program. The advantage of a combined program is that it will provide us with greater borrowing flexibility as we will be able to borrow funds based on the outstanding balance of the combined receivables, it will lower our administrative costs, and will give us one method of accounting for these similar programs - 'on-balance sheet.'

When we combine these programs, we plan to also increase our borrowing against these combined receivables to a range of $\$ 800.0$ to $\$ 900.0$.

In the first quarter, the VISA Trust requires that cash receipts be used to establish a pre-funding account to repay the 2002 A\&B Notes; this prefunding balance reduces the overall yield in the VISA Trust, which is expected to reduce our earnings by $\$ 7.0$.
After we combine the securitization programs in April 2007, our investment in the VISA Trust will be reclassified from available-for-sale securities to receivables, at fair value with no allowance for credit losses. Based on past payment patterns, these receivables will be repaid within eight months. During that time, we expect to record incremental bad debt write-offs and certain finance charge income as an adjustment to the fair value of the receivables acquired, reducing the yield of these receivables; these costs are expected to be $\$ 16.0$ and will be recorded over the eight month repayment period. Following the recognition of the $\$ 7.0$ yield reduction in the first quarter and the $\$ 16.0$ of other adjustments through the remainder of 2007, the private label charge card receivables and the co-branded VISA credit card receivables will be recorded at historical cost, net of bad debt allowances, on our balance sheet.

As card holders continue to use their co-branded VISA credit cards, new receivables will be recorded. Those new receivables will be recorded at historical cost; as those receivables age, we will establish an allowance for bad debts based on historical write-off experience. We expect to record $\$ 25.0$ to $\$ 35.0$ of bad debt provision in selling, general and administrative expenses from these new receivables. The classification of this expense is different because these receivables are 'on-balance sheet,' in the past, the write-off experience was considered in our investment yield and reflected in other income including finance charges, net. We do not expect the co-branded VISA credit card receivable write-off experience to be impacted by the transition in the accounting treatment, only the classification of this expense will change.

As noted above, all debt issued by the combined trust will be recorded on our balance sheet, so the related interest expense will be recorded in interest expense, net. Currently, the interest expense of the debt issued by the VISA Trust reduces our overall yield from our investment and is recognized in other income including finance charges, net.
With the bad debt and interest expense impacts shifting out of other income including finance charges, net, we expect our other income line item on our earnings statement to increase by $\$ 45.0$ to $\$ 55.0$.

We expect our earnings before income tax expense to be reduced by $\$ 23.0$, or $\$ 0.05$ per diluted share, for the transition from fair value to historical cost. The other earnings statement classification changes associated with the accounting treatment for the combined securitization program are not expected to impact our earnings before income tax expense. In the future, our ROIC rate will be reduced because we will recognize additional invested capital from the securitization program transition.

## Interest Rate Swaps (Dollars in Millions)

To manage our interest rate risk, we entered into an interest rate swap agreement in 2003, which had a $\$ 250.0$ notional amount expiring in January 2009. Under the agreement, we receive a fixed rate of $5.63 \%$ and pay a variable rate based on LIBOR plus a margin of $2.3 \%$ set at six-month intervals (7.70\% at February 3, 2007). The interest rate swap agreement had a fair value of \$(8.9) and \$(11.1) at the end of 2006 and 2005.

## Contractual Obligations (Dollars in Millions)

The following table summarizes our contractual obligations and the expected effect on our liquidity and cash flows as of February 3, 2007. We expect to fund these commitments primarily with operating cash flows generated in the normal course of business and credit available to us under existing and potential future facilities.

|  | Total | Less than <br> $\mathbf{1}$ year | $\mathbf{1 - 3}$ years | $\mathbf{3 - 5}$ years | More than <br> $\mathbf{5}$ years |
| :--- | ---: | ---: | ---: | ---: | ---: |
| Long-term debt | $\mathbf{\$ 6 3 0 . 9}$ | $\$ 5.9$ | $\$ 262.3$ | $\$ 9.9$ | $\$ 352.8$ |
| Capital lease obligations | 13.5 | 1.9 | 3.3 | 2.4 | 5.9 |
| Other long-term liabilities | $\mathbf{2 2 2 . 3}$ | 30.8 | 40.3 | 20.2 | 131.0 |
| Operating leases | 650.2 | 78.0 | 148.1 | 130.5 | 293.6 |
| Purchase obligations | $\mathbf{1 , 0 7 0 . 0}$ | $1,056.1$ | 12.7 | 1.0 | 0.2 |
| Total | $\$ 2,586.9$ | $\$ 1,172.7$ | $\$ 466.7$ | $\$ 164.0$ | $\$ 783.5$ |

In addition to the required debt repayments disclosed above, we estimate total interest payments of approximately $\$ 512.6$ as of February 3, 2007, payable over the remaining life of the debts.
Other long-term liabilities consist of workers' compensation and general liability insurance reserves and postretirement benefits. The repayment amounts presented above were determined based on historical payment trends. Other long-term liabilities not requiring cash payments, such as deferred property incentives, were excluded from the table above.

Purchase obligations primarily consist of purchase orders for unreceived goods or services and capital expenditure commitments.
This table also excludes the short-term liabilities, other than the current portion of long-term debt, disclosed on our 2006 balance sheet, as the amounts recorded for these items will be paid in the next year.

Long-term debt excludes debt issued by the VISA Trust, including \$200.0 off-balance sheet receivable backed securities due in April 2007 and $\$ 350.0$ variable funding note that can be renewed in August 2007.

## Credit Capacity and Commitments (Dollars in Millions)

The following table summarizes our amount of commitment expiration per period:

|  | Total <br> Amounts <br> Committed | Less than <br> $\mathbf{1}$ year | 1-3 years | 3-5 years | More than <br> 5 years |
| :--- | ---: | ---: | ---: | ---: | ---: |
| Other commercial commitments | $\$ 350.0$ | $\$ 350.0$ | - | - | - |
| $\$ 600.0$ variable funding note <br> $\$ 500.0$ unsecured line of credit, <br> none outstanding | - | - | - | - | - |
| Standby letters of credit <br> Import letters of credit | $\mathbf{-}$ | - | - | - | - |
| Total | $\$ 359.8$ | $\$ 359.8$ | - | - | - |

In June and October 2006, we amended our existing variable funding facility backed by Nordstrom private label card and VISA credit card receivables to increase the capacity of this facility to $\$ 600.0$. Borrowings under the facility will incur interest based upon the actual cost of commercial paper plus specified fees ranging from $0.075 \%$ to $0.15 \%$. As of February 3,2007 , the facility's interest rate was $5.42 \%$. We pay a commitment fee ranging from $0.125 \%$ to $0.15 \%$ for the note based on the amount of the commitment. Fee rates decrease if more than $\$ 50,000$ is outstanding on the facility. The facility can be cancelled or not renewed if our debt ratings fall below Standard and Poor's BB+ rating or Moody's Ba1 rating.

In November 2005, we replaced our existing $\$ 350.0$ unsecured line of credit with a $\$ 500.0$ unsecured line of credit, which is available as liquidity support for our commercial paper program. Under the terms of the agreement, we pay a variable rate of interest and a commitment fee based on our debt rating. Based upon our current debt rating, we pay a variable rate of interest of LIBOR plus a margin of $0.225 \%$ ( $5.62 \%$ at February 3, 2007) on the outstanding balance and an annual commitment fee of $0.075 \%$ on the total capacity. The variable rate of interest increases to LIBOR plus a margin of $0.325 \%$ if more than $\$ 250.0$ is outstanding on the facility. The line of credit expires in November 2010, and contains restrictive covenants, which include maintaining a leverage ratio. We did not make any borrowings under this unsecured line of credit during the last three fiscal years.

We also have universal shelf registrations on file with the Securities and Exchange Commission that permit us to offer an additional $\$ 450.0$ of securities to the public. These registration statements allow us to issue various types of securities, including debt, common stock, warrants to purchase common stock, warrants to purchase debt securities and warrants to purchase or sell foreign currency.

## Debt Ratings

The following table shows our credit ratings at the date of this report:

| Credit Ratings | Moody's | Standard <br> and Poor's |
| :--- | ---: | ---: |
| Senior unsecured debt | Baa1 | A |
| Commercial paper | $\mathrm{P}-2$ | $\mathrm{~A}-1$ |
| Outlook | Positive | Stable |

These ratings could change depending on our performance and other factors. Our outstanding debt is not subject to termination or interest rate adjustments based on changes in our credit ratings.

## Dividends

In February 2007 we declared a quarterly dividend of $\$ 0.135$ per share, increased from $\$ 0.105$ per share in the prior year.
In 2006, we paid dividends of $\$ 0.42$ per share, the tenth consecutive year that our annual dividends increased. We paid dividends of $\$ 0.32$ and $\$ 0.24$ in 2005 and 2004. In determining the amount of dividends to pay, we analyze our dividend payout ratio, dividend yield and balance the dividend payment with our operating performance and capital resources. We target a dividend payout ratio of approximately $18 \%$ to $20 \%$ of net income, although the ratio has been slightly lower the last two years as a result of the significant increase in our net earnings. For the dividend yield, which is calculated as our dividends per share divided by our stock price, we target a $1 \%$ long-term yield. While we plan to increase dividends over time, we will balance future increases with our operating performance and available capital resources.

## Liquidity

We maintain a level of liquidity to allow us to cover our seasonal cash needs and to minimize our need for short-term borrowings. We believe that our operating cash flows, existing cash and available credit facilities are sufficient to finance our cash requirements for the next 12 months.

Over the long term, we manage our cash and capital structure to maximize shareholder return, strengthen our financial position and maintain flexibility for future strategic initiatives. We continuously assess our debt and leverage levels, capital expenditure requirements, principal debt payments, dividend payouts, potential share repurchases and future investments or acquisitions. We believe our operating cash flows, existing cash and available credit facilities, as well as any potential future borrowing facilities, will be sufficient to fund these scheduled future payments and potential long term initiatives.

In 2000, the company acquired Façonnable, S.A.S., a collection of high-quality men's, women's and boys' apparel and accessories. In February 2007, we announced that we are exploring strategic options that would benefit both Nordstrom and Façonnable, including a possible sale of the brand.

## CRITICAL ACCOUNTING POLICIES

The preparation of our financial statements requires that we make estimates and judgments that affect the reported amounts of assets, liabilities, revenues and expenses, and disclosure of contingent assets and liabilities. We base our estimates on historical experience and on other assumptions that we believe to be reasonable under the circumstances. Actual results may differ from these estimates. The following discussion highlights the policies we feel are critical.

## Off-Balance Sheet Financing

Our co-branded Nordstrom VISA credit card receivables are transferred to a third-party trust on a daily basis. The balance of the receivables transferred to the trust fluctuates as new receivables are generated and old receivables are retired (through payments received, charge-offs, or credits from merchandise returns). The trust issues securities that are backed by the receivables. Certain of these securities or "beneficial interests" are sold to third-party investors and those remaining securities are issued to us.

We recognize gains or losses on the sale of the co-branded Nordstrom VISA receivables to the trust based on the difference between the face value of the receivables sold and the estimated fair value of the assets created in the securitization process. The fair value of the assets is calculated as the present value of their expected cash flows. The discount rate used to calculate fair value represents the volatility and risk of the assets. Assumptions and judgments are made to estimate the fair value of our investment in asset backed securities. We have no other offbalance sheet transactions.

## Inventory

Our merchandise inventories are primarily stated at the lower of cost or market using the retail inventory method (first-in, first-out basis). Under the retail method, the valuation of inventories and the resulting gross margins are determined by applying a calculated cost-to-retail ratio to the retail value of ending inventory. To determine if the retail value of our inventory should be marked down, we consider current and anticipated demand, customer preferences, age of the merchandise and fashion trends. As our inventory retail value is adjusted regularly to reflect market conditions, our inventory is valued at the lower of cost or market.
We also reserve for obsolescence based on historical trends and specific identification. Shrinkage is estimated as a percentage of net sales for the period from the most recent semi-annual inventory count based on historical shrinkage results.

## Revenue Recognition

We recognize revenues net of estimated returns and we exclude sales taxes. Our retail stores record revenue at the point of sale. Our catalog and online sales include shipping revenue and are recorded upon estimated delivery to the customer. As part of the normal sales cycle, we receive customer merchandise returns. To recognize the financial impact of sales returns, we estimate the amount of goods that will be returned and reduce sales and cost of sales accordingly. We utilize historical return patterns to estimate our expected returns.

## Vendor Allowances

We receive allowances from merchandise vendors for purchase price adjustments, cooperative advertising programs, cosmetic selling expenses and vendor sponsored contests. Purchase price adjustments are recorded as a reduction of cost of sales after an agreement with the vendor is executed and the related merchandise has been sold. Allowances for cooperative advertising programs and vendor sponsored contests are recorded in cost of sales and selling, general and administrative expenses as a reduction to the related cost when incurred. Allowances for cosmetic selling expenses are recorded in selling, general and administrative expenses as a reduction to the related cost when incurred. Any allowances in excess of actual costs are recorded as a reduction to cost of sales.

## Self Insurance

We retain a portion of the risk for certain losses related to health and welfare, workers' compensation and general liability claims. Liabilities associated with these losses include estimates of both losses reported and losses incurred but not yet reported. We estimate our ultimate cost based on internal analysis of historical data and independent actuarial estimates. Favorable trends in California caused a decrease in our workers' compensation costs in 2005.

## Allowance for Doubtful Accounts

Our allowance for doubtful accounts represents our best estimate of the losses inherent in our private label credit card receivable as of the balance sheet date. We evaluate the collectibility of our accounts receivable based on several factors, including historical trends of aging of accounts, write-off experience and expectations of future performance. We recognize finance charges on delinquent accounts until the account is written off. Delinquent accounts are written off when they are determined to be uncollectible, usually after the passage of 151 days without receiving a full scheduled monthly payment. Accounts are written off sooner in the event of customer bankruptcy or other circumstances that make further collection unlikely.

## Intangible Asset Impairment Testing

We review our goodwill and acquired tradename annually for impairment in the first quarter or when circumstances indicate the carrying value of these assets may not be recoverable. The goodwill and acquired tradename associated with our Façonnable business are our largest impairment risk. The fair value of our intangible assets has exceeded their carrying value in each of the most recent three years.

## Leases

We lease the land or the land and building at many of our Full-Line stores, and we lease the building at many of our Rack stores. Additionally, we lease office facilities, warehouses and equipment. We recognize lease expense on a straight-line basis over the minimum lease term. In 2004, we corrected our lease accounting policy to recognize lease expense, net of property incentives, from the time that we control the leased property. We recorded a charge of $\$ 7.8$ ( $\$ 4.7$ net of tax) in the fourth quarter of 2004 to correct this accounting policy. The impact of this change was immaterial to prior periods. Many of our leases include options that allow us to extend the lease term beyond the initial commitment period, subject to terms agreed to at lease inception. For leases that contain rent holiday periods and scheduled rent increases, we record the difference between the rent expense and the rental amount payable under the leases in liabilities. Some leases require additional payments based on sales and are recorded in rent expense when the contingent rent is probable.

## RECENT ACCOUNTING PRONOUNCEMENTS

In July 2006, the Financial Accounting Standards Board (FASB) issued Interpretation No. 48, Accounting for Uncertainty in Income Taxes ("FIN $48 "$ ), which requires that the tax effects of a position be recognized only if it is more likely than not to be sustained on audit, based on the technical merits of the position. FIN 48 also provides guidance on derecognition of income tax assets and liabilities, classification of current and deferred income tax assets and liabilities, accounting for interest and penalties associated with tax positions, accounting for income taxes in interim periods, and income tax disclosures. The provisions of FIN 48 are effective for us as of the beginning of our 2007 fiscal year. We will adopt FIN 48 in the first quarter of 2007, as required. We continue to evaluate the impact of adoption, but expect that it will not be material.

In September 2006, the FASB issued Statement No. 157, Fair Value Measurements ("SFAS 157"). SFAS 157 defines fair value, establishes a framework for measuring fair value, and expands disclosures about fair value measurements. SFAS 157 is effective for fiscal years beginning after November 15, 2007. We are assessing the potential impact on our financial statements.

## Item 7A. Quantitative and Qualitative Disclosures About Market Risk.

## INTEREST RATE RISK

We are exposed to market risk from changes in interest rates. In seeking to minimize risk, we manage exposure through our regular operating and financing activities. We do not use financial instruments for trading or other speculative purposes and are not party to any leveraged financial instruments.

Interest rate exposure is managed through our mix of fixed and variable rate borrowings. Short-term borrowing and investing activities generally bear interest at variable rates, but because they have maturities of three months or less, we believe that the risk of material loss was low, and that the carrying amount approximated fair value.

The table below presents information about our financial instruments that are sensitive to changes in interest rates, which consist of debt obligations and interest rate swaps for the year ended February 3, 2007. For debt obligations, the table presents principal amounts, at book value, by maturity date, and related weighted average interest rates. For interest rate swaps, the table presents notional amounts and weighted average interest rates by expected (contractual) maturity dates. Notional amounts are the predetermined dollar principal on which the exchanged interest payments are based.

| Dollars in thousands | 2007 | 2008 | 2009 | 2010 | 2011 | Thereafter | Total at February 3, 2007 | Fair value at February 3, 2007 |
| :---: | :---: | :---: | :---: | :---: | :---: | :---: | :---: | :---: |
| Long-term debt |  |  |  |  |  |  |  |  |
| Fixed | \$6,800 | \$257,030 | \$7,043 | \$5,427 | \$5,764 | \$357,244 | \$639,308 | \$667,191 |
| Avg. int. rate | 8.0\% | 5.7\% | 7.7\% | 8.9\% | 8.7\% | 7.1\% | 6.6\% |  |
| Interest rate swap |  |  |  |  |  |  |  |  |
| Fixed to variable | - | \$250,000 | - | - |  | - | \$250,000 | \$(8,858) |
| Avg. pay rate | - | 7.70\% | - | - |  | - | 7.70\% |  |
| Avg. receive rate | - | 5.63\% | - | - |  | - | 5.63\% |  |

## FOREIGN CURRENCY EXCHANGE RISK

The majority of our revenue, expense and capital expenditures are transacted in U.S. dollars. However, we periodically enter into foreign currency purchase orders denominated in Euros for apparel, accessories and shoes. We use forward contracts to hedge against fluctuations in foreign currency prices. We do not believe the fair value of our outstanding forward contracts at February 3, 2007 to be material.

In addition, the functional currency of Façonnable, S.A.S. of Nice, France is the Euro. Assets and liabilities of Façonnable are translated into U.S. dollars at the exchange rate prevailing at the end of the period. Income and expenses are translated into U.S. dollars at an average exchange rate during the period. Foreign currency gains and losses from the translation of Façonnable's balance sheet and income statement are included in other comprehensive earnings. Foreign currency gains or losses from certain intercompany loans are recorded in other income including finance charges, net.

## Item 8. Financial Statements and Supplementary Data.

## MANAGEMENT RESPONSIBILITY FOR FINANCIAL INFORMATION

We are responsible for the preparation, integrity and fair presentation of our financial statements and the other information that appears in this annual report on Form 10-K. The financial statements have been prepared in accordance with accounting principles generally accepted in the United States and include estimates based on our best judgment.

We maintain a comprehensive system of internal controls and procedures designed to provide reasonable assurance, at an appropriate costbenefit relationship, that our financial information is accurate and reliable, our assets are safeguarded and our transactions are executed in accordance with established procedures.
Deloitte and Touche LLP, an independent registered public accounting firm, is retained to audit Nordstrom's consolidated financial statements and management's assessment of the effectiveness of the Company's internal control over financial reporting. Its accompanying reports are based on audits conducted in accordance with the standards of the Public Company Accounting Oversight Board (United States).

The Audit Committee, which is comprised of five independent directors, meets regularly with our management, our internal auditors and the independent registered public accounting firm to ensure that each is properly fulfilling its responsibilities. The Committee oversees our systems of internal control, accounting practices, financial reporting and audits to ensure their quality, integrity and objectivity are sufficient to protect shareholders' investments.

## MANAGEMENT'S REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING

Our management is responsible for establishing and maintaining adequate internal control over financial reporting, as such term is defined in the Securities and Exchange Act of 1934 rules. Management conducted an evaluation of the effectiveness of our internal control over financial reporting based on the framework and criteria established in Internal Control - Integrated Framework, issued by the Committee of Sponsoring Organizations of the Treadway Commission. Based on this evaluation, management concluded that the Company's internal control over financial reporting was effective as of February 3, 2007.

Management's assessment of the effectiveness of our internal control over financial reporting as of February 3, 2007 has been audited by Deloitte \& Touche LLP, an independent registered public accounting firm, as stated in their report which is included herein.

## REPORT OF INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM ON INTERNAL CONTROL OVER FINANCIAL REPORTING

To the Board of Directors and Shareholders of Nordstrom, Inc.

We have audited management's assessment, included in the accompanying Management's Report on Internal Control Over Financial Reporting, that Nordstrom, Inc. and subsidiaries (the "Company") maintained effective internal control over financial reporting as of February 3, 2007, based on criteria established in Internal Control-Integrated Framework issued by the Committee of Sponsoring Organizations of the Treadway Commission. The Company's management is responsible for maintaining effective internal control over financial reporting and for its assessment of the effectiveness of internal control over financial reporting. Our responsibility is to express an opinion on management's assessment and an opinion on the effectiveness of the Company's internal control over financial reporting based on our audit.

We conducted our audit in accordance with the standards of the Public Company Accounting Oversight Board (United States). Those standards require that we plan and perform the audit to obtain reasonable assurance about whether effective internal control over financial reporting was maintained in all material respects. Our audit included obtaining an understanding of internal control over financial reporting, evaluating management's assessment, testing and evaluating the design and operating effectiveness of internal control, and performing such other procedures as we considered necessary in the circumstances. We believe that our audit provides a reasonable basis for our opinions.

A company's internal control over financial reporting is a process designed by, or under the supervision of, the company's principal executive and principal financial officers, or persons performing similar functions, and effected by the company's board of directors, management, and other personnel to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A company's internal control over financial reporting includes those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorizations of management and directors of the company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorized acquisition, use, or disposition of the company's assets that could have a material effect on the financial statements.

Because of the inherent limitations of internal control over financial reporting, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may not be prevented or detected on a timely basis. Also, projections of any evaluation of the effectiveness of the internal control over financial reporting to future periods are subject to the risk that the controls may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

In our opinion, management's assessment that the Company maintained effective internal control over financial reporting as of February 3, 2007, is fairly stated, in all material respects, based on the criteria established in Internal Control_Integrated Framework issued by the Committee of Sponsoring Organizations of the Treadway Commission. Also in our opinion, the Company maintained, in all material respects, effective internal control over financial reporting as of February 3, 2007, based on the criteria established in Internal Control-Integrated Framework issued by the Committee of Sponsoring Organizations of the Treadway Commission.

We have also audited, in accordance with the standards of the Public Company Accounting Oversight Board (United States), the consolidated financial statements and financial statement schedule as of and for the fiscal year ended February 3, 2007 of the Company and our report dated March 22, 2007, expressed an unqualified opinion on those financial statements and financial statement schedule and included an explanatory paragraph regarding the change in accounting for stock-based compensation upon adoption of Statement of Financial Accounting Standards No. 123(R), Share-Based Payment.

March 22, 2007

## REPORT OF INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM ON CONSOLIDATED FINANCIAL STATEMENTS

To the Board of Directors and Shareholders of Nordstrom, Inc.
We have audited the accompanying consolidated balance sheets of Nordstrom, Inc. and subsidiaries (the "Company") as of February 3, 2007 and January 28,2006 , and the related consolidated statements of earnings, shareholders' equity, and cash flows for each of the three fiscal years in the period ended February 3, 2007. Our audits also included the financial statement schedule listed in the Index at Item 15(a)2. These financial statements and financial statement schedule are the responsibility of the Company's management. Our responsibility is to express an opinion on these financial statements and financial statement schedule based on our audits.

We conducted our audits in accordance with the standards of the Public Company Accounting Oversight Board (United States). Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audits provide a reasonable basis for our opinion.

In our opinion, such consolidated financial statements present fairly, in all material respects, the financial position of Nordstrom, Inc. and subsidiaries as of February 3, 2007 and January 28, 2006, and the results of their operations and their cash flows for each of the three fiscal years in the period ended February 3, 2007, in conformity with accounting principles generally accepted in the United States of America. Also, in our opinion, such financial statement schedule, when considered in relation to the basic consolidated financial statements taken as a whole, present fairly, in all material respects, the information set forth therein.
As discussed in Note 1 to the consolidated financial statements, the Company changed its method of accounting for stock-based compensation upon adoption of Statement of Financial Accounting Standards No. 123(R), Share-Based Payment.
We have also audited, in accordance with the standards of the Public Company Accounting Oversight Board (United States), the effectiveness of the Company's internal control over financial reporting as of February 3, 2007, based on the criteria established in Internal ControlIntegrated Framework issued by the Committee of Sponsoring Organizations of the Treadway Commission and our report dated March 22, 2007 expressed an unqualified opinion on management's assessment of the effectiveness of the Company's internal control over financial reporting and an unqualified opinion on the effectiveness of the Company's internal control over financial reporting.

## NOTE 1: NATURE OF OPERATIONS AND SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

## The Company

Nordstrom is a fashion specialty retailer offering high-quality apparel, shoes, cosmetics and accessories for women, men and children. We offer a wide selection of brand name and private label merchandise. We offer our products through multiple retail channels, including 98 Full-Line
'Nordstrom' stores, 50 discount 'Nordstrom Rack' stores, four 'Façonnable' boutiques, our catalogs and through our online store at
www.nordstrom.com. Our stores are located throughout the United States, and we also have 36 Façonnable boutiques located in France, Portugal, and Belgium. In addition, we offer our customers a variety of payment products and services, including our loyalty program.

Our credit operations offer a Nordstrom private label card, two co-branded Nordstrom VISA credit cards and a debit card for Nordstrom purchases, which generate earnings through finance charges and securitization-related gains and losses.

Our operations also include a product development group, which coordinates the design and production of private label merchandise sold in our retail stores.

## Fiscal Year

Our fiscal year ends on the Saturday closest to January 31st. References to 2006 related to the 53 week fiscal year ended February 3, 2007. Fiscal year 2006 includes an extra week (the 53rd week) as a result of our 4-5-4 retail reporting calendar. References to 2005 and 2004 relate to the 52 week fiscal years ended January 28, 2006 and January 29, 2005. References to 2007 relate to the 52 weeks ending February 2, 2008.

## Principles of Consolidation

The consolidated financial statements include the balances of Nordstrom, Inc. and its wholly owned subsidiaries. All significant intercompany transactions and balances are eliminated in consolidation.

## Use of Estimates

We make estimates and assumptions that affect amounts reported in the financial statements and accompanying notes. Actual results could differ from those estimates.

## Revenue Recognition

We record revenues net of estimated returns and we exclude sales taxes. Our retail stores record revenue at the point of sale. Our catalog and online sales include shipping revenue and are recorded upon estimated delivery to the customer. We recognize revenue associated with our gift cards upon redemption of the gift card. As part of the normal sales cycle, we receive customer merchandise returns. To recognize the financial impact of sales returns, we estimate the amount of goods that will be returned and reduce sales and cost of sales accordingly. We utilize historical return patterns to estimate our expected returns. Our sales return reserves were $\$ 54,546$ and $\$ 51,172$ at the end of 2006 and 2005.

## Buying and Occupancy Costs

Buying costs consist primarily of compensation and costs incurred by our merchandise and product development groups. Occupancy costs include rent, depreciation, property taxes and facility operating costs of our retail and distribution operations.

## Shipping and Handling Costs

Our shipping and handling costs include payments to third-party shippers and costs to hold, move and prepare merchandise for shipment. Shipping and handling costs of $\$ 78,176, \$ 79,689$, and $\$ 75,421$ in 2006,2005 , and 2004 were included in selling, general and administrative expenses.

## Advertising

Production costs for newspaper, radio and other media are expensed the first time the advertisement is run. Total advertising expenses, net of vendor allowances, were $\$ 109,373, \$ 122,294$, and $\$ 123,974$ in 2006, 2005, and 2004.
Other Income Including Finance Charges, Net
This consists primarily of finance charges and late fees generated by our Nordstrom private label cards and earnings from our investment in asset backed securities and securitization gains and losses, which are both generated from the co-branded Nordstrom VISA credit card program.

Gift card breakage is another component of other income including finance charges, net. Based on an analysis of our program since its inception in 1999, we determined that balances remaining on cards issued five years ago are unlikely to be redeemed and therefore may be recognized as income. Breakage income in 2006 was $\$ 5,333$. This breakage income is approximately $3.5 \%$ of the amount initially issued as gift cards. As 2005 was the first year that we recognized gift card breakage, it includes $\$ 2,636$ and $\$ 5,410$ for cards issued in 1999 and 2000, for a total of $\$ 8,046$.

## Nordstrom, Inc.

## Notes to Consolidated Financial Statements

Dollar and share amounts in thousands except per share and per option amounts

## Stock-Based Compensation

At the start of 2006, we adopted Statement of Financial Accounting Standard No. 123(R), Share-Based Payment ("SFAS 123(R)"), which requires us to measure the cost of employee and director services received in exchange for an award of equity instruments based on the grantdate fair value of the award. The costs are recognized over the period during which an employee is required to provide services in exchange for the award.

Prior to the adoption of SFAS 123(R), we applied Accounting Principles Board Opinion No. 25, Accounting for Stock Issued to Employees ("APB 25 "), to measure compensation costs for our stock-based compensation programs. Under APB 25, we recorded no compensation expense for stock options granted to employees and directors because the options' strike price was equal to the closing market price of our common stock on the grant date. Also, through 2005 we recorded no compensation expense in connection with our Employee Stock Purchase Plan (ESPP). Through 2005, we presented the effect on net earnings and earnings per share of the fair value provisions of SFAS No. 123, Accounting for Stock-Based Compensation ("SFAS 123") in the Notes to Condensed Consolidated Financial Statements.
We recognize stock-based compensation expense on a straight-line basis over the requisite service period. The following table summarizes our stock-based compensation expense:

| Fiscal year | $\mathbf{2 0 0 6}$ | $\mathbf{2 0 0 5}$ | $\mathbf{2 0 0 4}$ |
| :--- | ---: | ---: | ---: |
| Stock options | $\mathbf{\$ 2 6 , 9 9 1}$ | - | - |
| Employee stock purchase plan | $\mathbf{1 , 8 7 6}$ | - | $\mathbf{-}$ |
| Performance share units | $\mathbf{7 , 0 3 6}$ | $\$ 11,672$ | $\$ 7,816$ |
| Other | $\mathbf{1 , 4 5 9}$ | 1,613 | 235 |
| Total stock-based compensation expense before income tax |  |  |  |
| $\quad$ benefit | $\mathbf{3 7 , 3 6 2}$ | 13,285 | 8,051 |
| Income tax benefit | $\mathbf{( 1 3 , 6 6 2 )}$ | $(5,008)$ | $(3,157)$ |
| Total stock-based compensation expense, net of income <br> $\quad$ tax benefit | $\mathbf{\$ 2 3 , 7 0 0}$ | $\$ 8,277$ | $\$ 4,894$ |

The stock-based compensation expense before income tax benefit was recorded in our condensed consolidated statements of earnings as follows:

| Fiscal year | $\mathbf{2 0 0 6}$ | $\mathbf{2 0 0 5}$ | $\mathbf{2 0 0 4}$ |
| :--- | ---: | ---: | ---: |
| Cost of sales and related buying and occupancy costs <br> Selling, general and administrative expenses | $\mathbf{\$ 1 1 , 8 7 0}$ <br> $\mathbf{2 5 , 4 9 2}$ | $\$ 13,285$ | $\$ 8,051$ |
| Total stock-based compensation expense before income <br> tax benefit | $\mathbf{\$ 3 7 , 3 6 2}$ | $\$ 13,285$ | $\$ 8,051$ |

We adopted SFAS 123(R) using the modified prospective method. Under this transition method, 2006 stock-based compensation expense considers all outstanding options that have not reached their earliest vesting date. In addition, we recognized stock-based compensation expense for our ESPP, as our 10\% purchase discount exceeds the amount allowed under SFAS 123(R) for non-compensatory treatment. As provided for under the modified prospective method, we have not restated our results for prior periods. Following the adoption of SFAS 123(R), we recorded incremental stock-based compensation expense of $\$ 28,867$ ( $\$ 18,475$ net of tax), or $\$ 0.07$ per basic and diluted share for the year ended February 3, 2007.

Prior to the adoption of SFAS 123(R), we classified all tax benefits resulting from the exercise of stock options and ESPP as operating cash inflows. SFAS 123(R) requires the benefits of tax deductions in excess of the compensation cost recognized for those awards to be classified as financing cash inflows rather than operating cash inflows, on a prospective basis. This amount is shown as "Excess tax benefit from stockbased payments" in the 2006 consolidated statement of cash flows and was $\$ 38,293$.

The following table illustrates the effect on net earnings and earnings per share if we had applied the fair value recognition provisions of SFAS 123 in 2005 and 2004:

| Fiscal year | $\mathbf{2 0 0 5}$ | $\mathbf{2 0 0 4}$ |
| :--- | ---: | ---: |
| Net earnings, as reported | $\$ 551,339$ | $\$ 393,450$ |
| Add: stock-based compensation expense included in reported net |  |  |
| earnings, net of tax | 8,277 | 4,894 |
| Deduct: stock-based compensation expense determined under fair value, <br> net of tax | $\mathbf{( 2 5 , 6 8 1 )}$ | $(25,001)$ |
| Pro forma net earnings | $\$ 533,935$ | $\$ 373,343$ |
| Earnings per share: | $\$ 2.03$ |  |
| $\quad$ Basic-as reported | $\$ 1.98$ | $\$ 1.41$ |
| Diluted-as reported | $\$ 1.38$ |  |
| Basic-pro forma | $\$ 1.92$ | $\$ 1.34$ |
| Diluted-pro forma |  | $\$ 1.31$ |

## Nordstrom, Inc.

## Notes to Consolidated Financial Statements

Dollar and share amounts in thousands except per share and per option amounts
In 2004 and 2005, we used the Black-Scholes option valuation model to estimate the fair value of the stock options under SFAS 123 . When we adopted SFAS 123(R), we elected to use the Binomial Lattice option valuation model. We believe that this model provides a better estimate of fair value than the Black-Scholes option valuation model, as it can accommodate variability in assumptions for expected volatility, dividends and risk-free interest rates. We used the following assumptions to estimate the fair value for stock options at grant date:

| Fiscal Year | $\mathbf{2 0 0 6}$ | $\mathbf{2 0 0 5}$ | $\mathbf{2 0 0 4}$ |
| :--- | ---: | ---: | ---: |
| Risk-free interest rate | $\mathbf{4 . 9 \%} \mathbf{- 5 . 1 \%}$ | $3.9 \%$ | $3.0 \%$ |
| Volatility | $\mathbf{3 7 . 0 \%}$ | $44.3 \%$ | $65.4 \%$ |
| Dividend yield | $\mathbf{1 . 0 \%}$ | $1.7 \%$ | $1.5 \%$ |
| Expected life in years | $\mathbf{5 . 4}$ | 5.0 | 6.0 |

The weighted average fair value per option at the grant date was $\$ 16, \$ 10$ and $\$ 11$ in 2006, 2005 and 2004. The following describes the significant assumptions used to estimate the fair value of options granted:

- Risk-free interest rate: For 2006, the rate represents the yield on U.S. Treasury zero-coupon securities that mature over the 10-year life of the stock options. For 2005, the rate was the yield on the U.S. Treasury zero-coupon securities which matured near the end of the expected life of the stock options.
- Expected volatility: For 2006, the expected volatility was based on a combination of the historical volatility of our common stock and the implied volatility of exchange traded options for our common stock. In 2005, the expected volatility was estimated using the historical volatility of our common stock.
- Expected dividend yield: For 2006, the yield was our forecasted dividend yield for the next ten years. In 2005, the expected dividend yield was based on our historical dividend yield.
- Expected life in years: The expected life represents the estimated period of time until option exercise. In 2006, the expected term of options granted was derived from the output of the Binomial Lattice option valuation model based on our historical exercise behavior and taking into consideration the contractual term of the option and our employees' expected exercise and post-vesting employment termination behavior. In 2005, the expected life was determined based on our historical exercise behavior.

## Cash Equivalents

Cash equivalents are short-term investments with a maturity of three months or less from the date of purchase. As of the end of 2006 and 2005, we had restricted cash of $\$ 7,798$ and $\$ 6,728$ included in other long term assets. The restricted cash is held in a trust for use by our Supplemental Executive Retirement Plan and Deferred Compensation Plans.

## Cash Management

Our cash management system provides for the reimbursement of all major bank disbursement accounts on a daily basis. Accounts payable at the end of 2006 and 2005 included $\$ 40,818$ and $\$ 91,671$ of checks not yet presented for payment drawn in excess of our bank deposit balances.

## Supplemental Cash Flow Information

| Fiscal Year | $\mathbf{2 0 0 6}$ | $\mathbf{2 0 0 5}$ | $\mathbf{2 0 0 4}$ |
| :--- | ---: | ---: | ---: |
| Cash paid during the year for: |  |  |  |
| Interest (net of capitalized interest) | $\mathbf{\$ 5 5 , 3 6 7}$ | $\$ 57,187$ | $\$ 88,876$ |
| Income taxes | $\mathbf{4 4 8 , 6 6 8}$ | $\mathbf{3 4 3 , 8 9 1}$ | 253,576 |

## Short-term Investments

Short-term investments consist of auction rate securities classified as available-for-sale. Auction rate securities are high-quality variable rate bonds whose interest rate is periodically reset, typically every 7,28 , or 35 days. However, the underlying security can have a duration from 15 to 30 years. Our auction rate securities are stated at cost, which approximates fair value, and therefore there were no unrealized gains or losses related to these securities included in accumulated other comprehensive earnings. The cost of securities sold was based on the specific identification method.

## Securitization of Accounts Receivable

We offer Nordstrom private label cards and co-branded Nordstrom VISA credit cards to our customers. Substantially all of the receivables related to both credit cards are securitized. Under our credit card securitizations, the receivables are transferred to third-party trusts on a daily basis. The balance of the receivables transferred to the trusts fluctuates as new receivables are generated and old receivables are retired (through payments received, charge-offs, or credits for merchandise returns). The trusts issue securities that are backed by the receivables. Certain of these securities or "beneficial interests" are sold to third-party investors and the remaining securities are issued to us.

## Nordstrom, Inc.

## Notes to Consolidated Financial Statements

Dollar and share amounts in thousands except per share and per option amounts
Under the terms of the trust agreements, we may be required to fund certain amounts upon the occurrence of specific events. Both of our credit card securitization agreements set a maximum percentage of receivables that can be associated with various receivable categories, such as employee or foreign receivables. At the end of 2006 and 2005, these maximums were exceeded by $\$ 1,509$ and $\$ 1,211$. It is possible that we may be required to repurchase these receivables. We do not believe any additional funding would be required.
The private label securitizations are accounted for as a secured borrowing (on-balance sheet) while the VISA securitization qualifies for sale treatment (off-balance sheet).

## NORDSTROM PRIVATE LABEL RECEIVABLES (ON-BALANCE SHEET)

We transfer these receivables to a third-party trust ("Private Label Trust") that issues two Nordstrom private label receivable backed securitizations, which are described in Note 7: Long-term Debt.

Total receivables of the securitized private label portfolio at the end of 2006 and 2005 were $\$ 582,281$ and $\$ 549,962$, and receivables more than 30 days past due were $\$ 15,756$ and $\$ 11,265$. Net charged-off receivables for 2006, 2005, and 2004 were $\$ 17,183, \$ 22,845$, and $\$ 25,370$.

CO-BRANDED NORDSTROM VISA RECEIVABLES (OFF-BALANCE SHEET)
In order to enhance our cost-effective capital sources, we have in place a securitized asset structure. This allows us to reduce our investment in the co-branded Nordstrom VISA credit card receivables, so we can deploy our capital resources to greater-value opportunities.
We transfer our co-branded Nordstrom VISA credit card receivables to a third-party trust ("VISA Trust") that issues VISA receivable backed securities. In May 2002, the VISA Trust issued \$200,000 of certificated Class A and Class B notes to third-party investors ("2002 Class A \& B Notes") and a certificated, subordinate Class C note to us. In 2006, the VISA Trust issued $\$ 350,000$ of certificated variable funding notes to third-party investors. The receivables transferred to the VISA Trust exceed the face value of the issued notes. This excess creates a certificated, non-subordinated asset called the Transferor's Interest, which was conveyed to us. In addition, we hold a non-certificated Interest Only Strip, which results when the estimated value of projected cash inflows related to the notes exceeds the projected cash outflows.
We do not record the $\$ 550,000$ in debt related to the VISA securitization or the receivables transferred to the VISA Trust on our consolidated financial statements. However, we do hold the 2002 Class C note, the Transferor's Interest and the Interest Only Strip. These assets are included in the consolidated balance sheets as investment in asset backed securities and accounted for as investments in "available-for-sale" debt securities. As such, we record the investment in asset backed securities at its estimated fair value in our consolidated balance sheets.
We recognize gains or losses on the sale of the co-branded Nordstrom VISA receivables to the VISA Trust based on the difference between the face value of the receivables sold and the estimated fair value of the assets created in the securitization process. The receivables sold to the VISA Trust are then allocated between the various interests in the VISA Trust based on those interests' relative fair market values. The fair values of the assets are calculated as the present value of their expected future cash flows. The unrealized gains and losses, as well as any adjustments to fair value of the investment in asset backed securities, are recorded as a component of accumulated other comprehensive earnings.
In addition, we record interest income related to the investment in asset backed securities based upon their carrying value and their discount rate.
The gain on sales of receivables and the interest income earned on the beneficial interests are included in other income including finance charges, net in our consolidated statements of earnings.

## Accounts Receivable

Accounts receivable consist primarily of our Nordstrom private label receivables that back an unused variable funding note that is discussed in Note 7: Long-term Debt. We record the face value of the principal, plus any earned finance charges, late fees, or cash advance fees.
We report accounts receivable net of an allowance for doubtful accounts. Our allowance for doubtful accounts represents our best estimate of the losses inherent in our customer accounts receivable based on several factors, including historical trends of aging of accounts, write-off experience and expectations of future performance.

We recognize finance charges on delinquent accounts until the account is written off or when an account is placed into a debt management program. Payments received on delinquent accounts are recorded in the same manner as current accounts. Our approach for resuming accrual of interest on these accounts is made on an account by account basis. Delinquent accounts are written off when they are determined to be uncollectible, usually after the passage of 151 days without receiving a full scheduled monthly payment. Accounts are written off sooner in the event of customer bankruptcy or other circumstances making further collection unlikely.
The Nordstrom private label card operating expenses, including bad debt costs, are included in selling, general, and administrative expenses. Finance charges and late fees generated by the private label cards are classified as part of other income including finance charges, net. Revenue amounts were $\$ 104,415, \$ 97,036$ and $\$ 102,406$ in 2006, 2005, and 2004.

## Nordstrom, Inc.

## Notes to Consolidated Financial Statements

Dollar and share amounts in thousands except per share and per option amounts

## Merchandise Inventories

Merchandise inventories are valued at the lower of cost or market, using the retail method (first-in, first-out basis).

## Land, Buildings and Equipment

Depreciation is computed using the straight-line method. Estimated useful lives by major asset category are as follows:

| Asset | Life (in years) |
| :--- | ---: |
| Buildings and improvements | $5-40$ |
| Store fixtures and equipment | $3-15$ |
| Leasehold improvements | Shorter of life of lease or asset life |
| Software | $3-7$ |

## Intangible Asset Impairment Testing

We review our goodwill and acquired tradename annually for impairment in the first quarter or when circumstances indicate the carrying value of these assets may not be recoverable. The goodwill and acquired tradename associated with our Façonnable business are our largest impairment risks. The fair value of our intangible assets has exceeded their carrying value in each of the most recent three years.

## Leases

We recognize lease expense on a straight-line basis over the minimum lease term. In 2004, we corrected our lease accounting policy to recognize lease expense, net of landlord reimbursements, from the time that we control the leased property. In the past, we recorded net rent expense once lease payments or retail operations started. We recorded a charge of $\$ 7,753$ ( $\$ 4,729$ net of tax) in the fourth quarter of 2004 to correct this accounting policy. The impact of this change was immaterial to prior periods.
We lease the land or the land and building at many of our Full-Line stores, and we lease the building at many of our Rack stores. Additionally, we lease office facilities, warehouses and equipment. Most of these leases are classified as operating leases and they expire at various dates through 2080. We have no significant individual or master lease agreements.

Our fixed, noncancelable lease terms generally are 20 to 30 years for Full-Line stores and 10 to 15 years for Rack stores. Many of our leases include options that allow us to extend the lease term beyond the initial commitment period, subject to terms agreed to at lease inception.
For leases that contain predetermined, fixed escalations of the minimum rent, we recognize the rent expense on a straight-line basis and record the difference between the rent expense and the rent payable as a liability.

Most of our leases also provide for payment of operating expenses, such as common area charges, real estate taxes and other executory costs. Some leases require additional payments based on sales and are recorded in rent expense when the contingent rent is probable.
Leasehold improvements made at the inception of the lease are amortized over the shorter of the asset life or the initial lease term as described above. Leasehold improvements made during the lease term are also amortized over the shorter of the asset life or the remaining lease term.

We receive incentives to construct stores in certain developments. These incentives are recorded as a deferred credit and recognized as a reduction to rent expense on a straight-line basis over the lease term as described above. At the end of 2006 and 2005, this deferred credit balance was $\$ 392,386$ and $\$ 399,485$. Also, we may receive incentives based on a store's net sales; we recognize these incentives in the year that they are earned as a reduction to rent expense.

## Foreign Currency Translation

The assets and liabilities of our foreign subsidiaries have been translated to U.S. dollars using the exchange rates effective on the balance sheet date, while income and expense accounts are translated at the average rates in effect during the year. The resulting translation adjustments are recorded in accumulated other comprehensive earnings.

## Income Taxes

We use the asset and liability method of accounting for income taxes. Using this method, deferred tax assets and liabilities are recorded based on differences between financial reporting and tax basis of assets and liabilities. The deferred tax assets and liabilities are calculated using the enacted tax rates and laws that are expected to be in effect when the differences are expected to reverse. We establish valuation allowances for tax benefits when we believe it is not likely that the related expense will be deductible for tax purposes.

## Other Current Liabilities

Included in other current liabilities were gift card liabilities of \$171,631 and \$154,683 at the end of 2006 and 2005.

## Nordstrom, Inc.

## Notes to Consolidated Financial Statements

Dollar and share amounts in thousands except per share and per option amounts

## Loyalty Program

Customers who reach a cumulative purchase threshold when using our Nordstrom private label cards or our co-branded Nordstrom VISA credit cards receive merchandise certificates. These merchandise certificates can be redeemed in our stores similar to gift certificates. We estimate the net cost of the merchandise certificates that will be earned and redeemed and record this cost as the merchandise certificates are earned. The cost of the loyalty program is not significant in relation to the corresponding sales, so the program expense is recorded in cost of sales rather than as a reduction of net sales.

## Vendor Allowances

We receive allowances from merchandise vendors for purchase price adjustments, cooperative advertising programs, cosmetic selling expenses, and vendor sponsored contests. Purchase price adjustments are recorded as a reduction of cost of sales at the point they have been earned and the related merchandise has been sold. Allowances for cooperative advertising and promotion programs and vendor sponsored contests are recorded in cost of sales and selling, general and administrative expenses as a reduction to the related cost when incurred. Allowances for cosmetic selling expenses are recorded in selling, general and administrative expenses as a reduction to the related cost when incurred. Any allowances in excess of actual costs incurred that are recorded in selling, general and administrative expenses are recorded as a reduction to cost of sales. The following table shows vendor allowances earned during the year:

| Fiscal Year | $\mathbf{2 0 0 6}$ | $\mathbf{2 0 0 5}$ | $\mathbf{2 0 0 4}$ |
| :--- | ---: | ---: | ---: |
| Purchase price adjustments | $\mathbf{\$ 7 0 , 3 6 5}$ | $\$ 58,103$ | $\$ 47,707$ |
| Cosmetic selling expenses | $\mathbf{1 2 0 , 5 6 0}$ | 107,166 | 96,936 |
| Cooperative advertising and promotion | $\mathbf{6 6 , 9 8 4}$ | 57,575 | 57,786 |
| Vendor sponsored contests | $\mathbf{3 , 0 1 8}$ | 3,668 | $\mathbf{3 , 9 7 5}$ |
| Total vendor allowances | $\mathbf{\$ 2 6 0 , 9 2 7}$ | $\mathbf{\$ 2 2 6 , 5 1 2}$ | $\mathbf{\$ 2 0 6 , 4 0 4}$ |

Allowances were recorded in our consolidated statement of earnings as follows:

| Fiscal Year | $\mathbf{2 0 0 6}$ | $\mathbf{2 0 0 5}$ | $\mathbf{2 0 0 4}$ |
| :--- | ---: | ---: | ---: |
| Cost of sales | $\mathbf{\$ 1 3 7 , 5 6 3}$ | $\$ 118,104$ | $\$ 106,902$ |
| Selling, general and administrative expenses | $\mathbf{1 2 3 , 3 6 4}$ | 108,408 | 99,502 |
| Total vendor allowances | $\mathbf{\$ 2 6 0 , 9 2 7}$ | $\$ 226,512$ | $\mathbf{\$ 2 0 6 , 4 0 4}$ |

## Fair Value of Financial Instruments

The carrying amounts of cash equivalents and short term-investments approximate fair value. See Note 7: Long-term Debt for the fair values of our long-term debt and interest rate swap agreements.

## Derivatives Policy

We periodically enter into foreign currency purchase orders denominated in Euros for apparel, accessories and shoes. We use forward contracts to hedge against fluctuations in foreign currency prices. These forward contracts do not qualify for derivative hedge accounting. At the end of 2006 and 2005, the notional amounts of our foreign currency forward contracts at the contract rates were $\$ 10,220$ and $\$ 6,127$. We also use derivative financial instruments to manage our interest rate risks. See Note 7 for a further description of our interest rate swaps.

## Recent Accounting Pronouncements

In July 2006, the FASB issued Interpretation No. 48, Accounting for Uncertainty in Income Taxes ("FIN 48"), which requires that the tax effects of a position be recognized only if it is more likely than not to be sustained on audit, based on the technical merits of the position. FIN 48 also provides guidance on derecognition of income tax assets and liabilities, classification of current and deferred income tax assets and liabilities, accounting for interest and penalties associated with tax positions, accounting for income taxes in interim periods, and income tax disclosures. The provisions of FIN 48 are effective for us as of the beginning of our 2007 fiscal year. We will adopt FIN 48 in the first quarter of 2007, as required. We continue to evaluate the impact of adoption, but expect that it will not be material.

In September 2006, the FASB issued Statement No. 157, Fair Value Measurements ("SFAS 157"). SFAS 157 defines fair value, establishes a framework for measuring fair value, and expands disclosures about fair value measurements. SFAS 157 is effective for fiscal years beginning after November 15, 2007. We are assessing the potential financial statement impact of SFAS 157.
In February 2007, the FASB issued Statement of Financial Accounting Standards No. 159, The Fair Value Option for Financial Assets and Financial Liabilities ("SFAS 159"). SFAS 159 permits entities to choose to measure many financial instruments and certain other items at fair value. SFAS 159 will be effective at the beginning of fiscal 2008. We are presently evaluating the impact of the adoption of SFAS 159 on our results of operations and financial position.

## Nordstrom, Inc.

## Notes to Consolidated Financial Statements

Dollar and share amounts in thousands except per share and per option amounts

## NOTE 2: ACCOUNTS RECEIVABLE

The components of accounts receivable are as follows:

|  | February 3,2007 | January 28, 2006 |
| :--- | ---: | ---: |
| Trade receivables: |  |  |
| $\quad$ Unrestricted | $\mathbf{\$ 4 3 , 7 9 3}$ | $\$ 32,070$ |
| Restricted | $\mathbf{5 8 2 , 2 8 1}$ | 552,671 |
| Allowance for doubtful accounts | $\mathbf{( 1 7 , 4 7 5 )}$ | $\mathbf{( 1 7 , 9 2 6 )}$ |
| Trade receivables, net | $\mathbf{6 0 8 , 5 9 9}$ | 566,815 |
| Other | $\mathbf{7 5 , 7 7 7}$ | $\mathbf{7 2 , 7 4 3}$ |
| Accounts receivable, net | $\mathbf{\$ 6 8 4 , 3 7 6}$ | $\$ 639,558$ |

The restricted trade receivables relate to our Nordstrom private label card and back an unused variable funding note that is discussed in Note 7: Long-term Debt. The unrestricted trade receivables consist primarily of our Façonnable wholesale receivables and accrued private label card finance charges not yet allocated to customer accounts.
Other accounts receivable consist primarily of credit card receivables due from third-party financial institutions and vendor rebates, which are believed to be fully realizable as they are collected soon after they are earned.
NOTE 3: INVESTMENT IN ASSET BACKED SECURITIES - CO-BRANDED NORDSTROM VISA CREDIT CARD RECEIVABLES The following table presents the co-branded Nordstrom VISA credit card balances and the estimated fair values of our investment in asset backed securities.

|  | February 3, 2007 | January 28, 2006 |
| :---: | :---: | :---: |
| Total face value of co-branded Nordstrom VISA credit card principal receivables | \$907,983 | \$738,947 |
| Securities issued by the VISA Trust: |  |  |
| Off-balance sheet (sold to third parties): |  |  |
| 2002 Class A \& B Notes | \$200,000 | \$200,000 |
| 2004-2 Variable funding notes | 350,000 | - |
|  | \$550,000 | \$200,000 |
| Amounts recorded on balance sheet: |  |  |
| Investment in asset backed securities at fair value | \$428,175 | \$561,136 |

The following table presents the key assumptions we use to value the investment in asset backed securities:

|  | February 3, 2007 | January 28, 2006 |
| :--- | ---: | ---: |
| Assumptions used to estimate the fair value of the investment in |  |  |
| asset backed securities: |  |  |
| Weighted average remaining life (in months) | 7.5 | 7.6 |
| Average annual credit losses | $\mathbf{5 . 7 \%}$ | $4.7 \%$ |
| Average gross yield | $\mathbf{1 6 . 8 \%}$ | $17.1 \%$ |
| Weighted average coupon on issued securities | $5.3 \%$ | $5.2 \%$ |
| Average monthly payment rates | 8.0 | $8.2 \%$ |
| Discount rate on investment in asset backed securities | $\mathbf{7 . 3 \%}$ to | $\mathbf{1 1 . 5 \%}$ |

The discount rate on asset backed securities represents the volatility and risk of the asset. Our discount rates consider both the current interest rate environment and credit spreads.

The following table illustrates the sensitivity of fair market value estimates of the investment in asset backed securities given independent changes in assumptions as of February 3, 2007:

|  | $\mathbf{+ 1 0 \%}$ | $\boldsymbol{+ 2 0 \%}$ | $\mathbf{- 1 0 \%}$ | $\mathbf{- 2 0 \%}$ |
| :--- | ---: | ---: | ---: | ---: |
| Gross yield | $\$ 8,558$ | $\$ 17,139$ | $\$(8,534)$ | $\$(17,045)$ |
| Interest expense on issued classes | $(1,748)$ | $(3,496)$ | 1,748 | 3,496 |
| Card holders' payment rate | $(239)$ | $(689)$ | $(130)$ | $(894)$ |
| Charge offs | $(2,970)$ | $(5,904)$ | 3,007 | 6,051 |
| Discount rate | $(1,850)$ | $(3,681)$ | 1,868 | 3,756 |

## Nordstrom, Inc.

## Notes to Consolidated Financial Statements

Dollar and share amounts in thousands except per share and per option amounts
These sensitivities are hypothetical and should be used with caution. The effect of an adverse change in a particular assumption on the fair value of the investment in asset backed securities is calculated without changing any other assumption. Actual changes in one factor may result in changes in another, which might alter the reported sensitivities.

The following table summarizes certain income, expenses and cash flows received from and paid to the VISA Trust:

| Fiscal Year | $\mathbf{2 0 0 6}$ | $\mathbf{2 0 0 5}$ | $\mathbf{2 0 0 4}$ |
| :--- | ---: | ---: | ---: |
| Principal collections reinvested in new receivables | $\mathbf{\$ 3 , 0 9 4 , 2 0 8}$ | $\$ 2,597,499$ | $\$ 2,019,162$ |
| Gains on sales of receivables | $\mathbf{1 9 , 7 3 2}$ | $\mathbf{1 9 , 9 0 2}$ | 8,876 |
| Income earned on beneficial interests | $\mathbf{7 5 , 0 6 5}$ | 54,396 | $\mathbf{4 6 , 6 4 5}$ |
| Cash flows from beneficial interests: |  |  |  |
| $\quad$ Investment in asset backed securities | $\mathbf{4 9 4 , \mathbf { 2 1 2 }}$ | 129,879 | 76,381 |
| Servicing fees | $\mathbf{1 6 , 1 8 9}$ | 13,309 | $\mathbf{1 0 , 6 9 8}$ |

Net credit losses were $\$ 22,476, \$ 25,386$, and $\$ 23,169$ for 2006,2005 , and 2004 , and receivables past due for more than 30 days were $\$ 15,560$ and $\$ 10,059$ at the end of 2006 and 2005.

The following table illustrates default projections using net credit losses as a percentage of average outstanding receivables in comparison to actual performance:

| Fiscal Year | $\mathbf{2 0 0 7}$ | $\mathbf{2 0 0 6}$ | $\mathbf{2 0 0 5}$ |
| :--- | ---: | ---: | ---: |
| Original projection | $2.83 \%$ | $3.46 \%$ | $4.04 \%$ |
| Actual | N/A | $2.76 \%$ | $3.76 \%$ |

Our continued involvement in the securitization of co-branded Nordstrom VISA credit card receivables includes recording gains/losses on sales, recognizing income on investment in asset backed securities, holding subordinated, non-subordinated and residual interests in the trust, and servicing the portfolio.
NOTE 4: LAND, BUILDINGS AND EQUIPMENT
Land, buildings and equipment consist of the following:

|  | February 3,2007 | January 28,2006 |
| :--- | ---: | ---: |
| Land and land improvements | $\mathbf{\$ 6 5 , 1 3 7}$ | $\$ 67,020$ |
| Buildings and building improvements | $\mathbf{8 1 2 , 0 7 4}$ | 796,686 |
| Leasehold improvements | $\mathbf{1 , 2 6 9 , 1 7 6}$ | $1,190,041$ |
| Store fixtures and equipment | $\mathbf{1 , 9 8 4 , 0 4 1}$ | $1,919,200$ |
| Software | $\mathbf{2 8 5 , 3 4 1}$ | 265,951 |
| Construction in progress | $\mathbf{1 3 1 , 5 6 1}$ | 84,532 |
|  | $\mathbf{4 , 5 4 7 , 3 3 0}$ | $4,323,430$ |
| Less accumulated depreciation and amortization | $\mathbf{( 2 , 7 9 0 , 1 1 5 )}$ | $(2,549,559)$ |
| Land, buildings and equipment, net | $\mathbf{\$ 1 , 7 5 7 , 2 1 5}$ | $\$ 1,773,871$ |

The total cost of buildings and equipment held under capital lease obligations was \$20,035 at the end of 2006 and 2005, with related accumulated amortization of $\$ 16,595$ and $\$ 16,089$. The amortization of capitalized leased buildings and equipment of $\$ 506, \$ 830$, and $\$ 1,238$ in 2006, 2005, and 2004 was recorded in depreciation expense.

## NOTE 5: EMPLOYEE BENEFITS

We provide a 401(k) and profit sharing plan for our employees. Our Board of Directors establishes our profit sharing contribution each year. The $401(\mathrm{k})$ component is funded by voluntary employee contributions and our matching contributions up to a fixed percentage of employee contributions. Our expense related to the profit sharing component and matching contributions to the 401(k) component totaled \$73,261, \$67,088, and \$54,186 in 2006, 2005, and 2004.

## Nordstrom, Inc.

## Notes to Consolidated Financial Statements

Dollar and share amounts in thousands except per share and per option amounts

## NOTE 6: INCOME TAXES

Income tax expense consists of the following:

| Fiscal Year | $\mathbf{2 0 0 6}$ | $\mathbf{2 0 0 5}$ | $\mathbf{2 0 0 4}$ |
| :--- | ---: | ---: | ---: |
| Current income taxes: |  |  |  |
| Federal | $\mathbf{\$ 4 2 3 , 1 4 3}$ | $\$ 311,996$ | $\$ 282,430$ |
| State and local | $\mathbf{6 2 , 7 8 5}$ | 38,100 | 45,091 |
| Total current income tax expense | $\mathbf{4 8 5 , 9 2 8}$ | 350,096 | 327,521 |
| Deferred income taxes: |  |  |  |
| Current | $\mathbf{( 1 0 , 4 7 7 )}$ | $(7,208)$ | $(15,259)$ |
| Non-current | $\mathbf{( 4 7 , 7 9 7 )}$ | $(9,002)$ | $(58,431)$ |
| Total deferred income tax benefit | $\mathbf{( 5 8 , 2 7 4 )}$ | $(16,210)$ | $(73,690)$ |
| Total income tax expense | $\mathbf{\$ 4 2 7 , 6 5 4}$ | $\$ 333,886$ | $\$ 253,831$ |

A reconciliation of the statutory Federal income tax rate to the effective tax rate on earnings before income tax expense is as follows:

| Fiscal Year | $\mathbf{2 0 0 6}$ | $\mathbf{2 0 0 5}$ | $\mathbf{2 0 0 4}$ |
| :--- | ---: | ---: | ---: |
| Statutory rate | $\mathbf{3 5 . 0 \%}$ | $35.0 \%$ | $35.0 \%$ |
| State and local income taxes, net of federal income taxes | $\mathbf{3 . 2}$ | 3.2 | 3.5 |
| Change in valuation allowance | $\mathbf{- 5}$ | $(0.1)$ | 0.3 |
| Other, net | $\mathbf{0 . 5}$ | $(0.4)$ | 0.4 |
| Effective tax rate | $\mathbf{3 8 . 7 \%}$ | $37.7 \%$ | $39.2 \%$ |

Deferred income taxes reflect the net tax effect of temporary differences between amounts recorded for financial reporting purposes and amounts used for tax purposes. The major components of deferred tax assets and liabilities are as follows:

|  | February 3, 2007 | January 28, 2006 |
| :---: | :---: | :---: |
| Compensation and benefits accruals | \$85,638 | \$70,454 |
| Accrued expenses | 52,630 | 53,629 |
| Merchandise inventories | 24,964 | 23,206 |
| Securitization | 23,767 | 7,892 |
| Land, buildings and equipment basis and depreciation differences | 14,613 |  |
| Gift cards and gift certificates | 13,668 | 13,041 |
| Merchandise certificates | 8,615 | 5,524 |
| Bad debts | 6,477 | 5,528 |
| Other | - | 1,581 |
| Total deferred tax assets | 230,372 | 180,855 |
| Land, buildings and equipment basis and depreciation differences | - | $(16,892)$ |
| Other | $(8,423)$ | $(8,720)$ |
| Total deferred tax liabilities | $(8,423)$ | $(25,612)$ |
| Net deferred tax assets | \$221,949 | \$155,243 |

## NOTE 7: LONG-TERM DEBT

A summary of long-term debt is as follows:

|  | February 3, 2007 | January 28, 2006 |
| :--- | ---: | ---: |
| Senior debentures, 6.95\%, due March 2028 | $\$ 300, \mathbf{0 0 0}$ | $\$ 300,000$ |
| Senior notes, 5.625\%, due January 2009 | $\mathbf{2 5 0 , 0 0 0}$ | $\mathbf{2 5 0 , 0 0 0}$ |
| Private Label Securitization, 4.82\%, due October 2006 | $\mathbf{3 0 0 , 0 0 0}$ |  |
| Mortgage payable, 7.68\%, due April 2020 | $\mathbf{6 9 , 7 1 0}$ | 72,633 |
| Other | $\mathbf{1 9 , 6 0 0}$ | $\mathbf{2 2 , 8 1 1}$ |
| Fair market value of interest rate swap | $\mathbf{( 8 , 8 5 8}$ | $(11,050)$ |
| Total long-term debt | $\mathbf{6 3 0 , 4 5 2}$ | 934,394 |
| Less current portion | $\mathbf{( 6 , 8 0 0}$ | $(306,618)$ |
| Total due beyond one year | $\mathbf{\$ 6 2 3 , 6 5 2}$ | $\$ 627,776$ |

## Table of Contents

## Nordstrom, Inc.

## Notes to Consolidated Financial Statements

Dollar and share amounts in thousands except per share and per option amounts
We retired the \$300,000 Private Label Securitization debt when it matured in October 2006.
Our mortgage payable is secured by an office building which had a net book value of \$76,643 at the end of 2006.
To manage our interest rate risk, we have an interest rate swap outstanding recorded in other liabilities. Our swap has a $\$ 250,000$ notional amount, expires in January 2009 and is designated as a fully effective fair value hedge. Under the agreement, we receive a fixed rate of $5.63 \%$ and pay a variable rate based on LIBOR plus a margin of $2.3 \%$ set at six-month intervals ( $7.70 \%$ at February 3, 2007).

The fair value of long-term debt, including current maturities, using quoted market prices of the same or similar issues, was $\$ 667,191$ and $\$ 963,092$ at the end of 2006 and 2005.

Required principal payments on long-term debt, excluding capital lease obligations and the fair market value of the interest rate swap, are as follows:

| Fiscal Year | $\$ 5,843$ |
| :--- | ---: |
| 2007 | 255,911 |
| 2008 | 6,355 |
| 2009 | 4,751 |
| 2010 | 5,167 |
| 2011 | 352,766 |

In November 2005, we replaced our existing $\$ 350,000$ unsecured line of credit with a $\$ 500,000$ unsecured line of credit, which is available as liquidity support for our commercial paper program. Under the terms of the agreement, we pay a variable rate of interest and a commitment fee based on our debt rating. Based upon our current debt rating, we pay a variable rate of interest of LIBOR plus a margin of $0.225 \%$ ( $5.62 \%$ at February 3 , 2007) on the outstanding balance and an annual commitment fee of $0.075 \%$ on the total capacity. The variable rate of interest increases to LIBOR plus a margin of $0.325 \%$ if more than $\$ 250,000$ is outstanding on the facility. The line of credit expires in November 2010, and contains restrictive covenants, which include maintaining a leverage ratio. We did not make any borrowings under this unsecured line of credit during 2006 or 2005.

In 2006, we renewed our existing variable funding facility backed by Nordstrom private label card and VISA credit card receivables and increased the capacity of this facility from $\$ 150,000$ to $\$ 600,000$. The annual renewal of this note requires both our approval and our issuing bank's approval and interest is paid based on the actual cost of commercial paper plus specified fees ranging from $0.075 \%$ to $0.15 \%$. As of February 3,2007 , the facility's interest rate was $5.42 \%$. We also pay a commitment fee ranging from $0.125 \%$ to $0.15 \%$ for the note based on the amount of the commitment. Fee rates decrease if more than $\$ 50,000$ is outstanding on the facility. The facility can be cancelled and renewal can be denied if our debt ratings fall below Standard and Poor's BB+ rating or Moody's Ba1 rating. Our current rating by Standard and Poor's is A, five grades above BB+, and by Moody's is Baa1, three grades above Ba1.
In July 2006, the VISA Trust used this variable funding facility to issue $\$ 300,000$ of Notes; in September 2006, the VISA Trust used this facility to issue an additional $\$ 50,000$ of Notes. As the VISA Trust is a statutory business trust and the VISA credit card receivables transferred to it are accounted for as a sale under SFAS 140, the obligations of the VISA Trust are not recorded in our financial statements. The VISA Trust sent the proceeds from this note issuance to us in return for a reduction in our interest in the VISA Trust equal to a $\$ 350,000$ decrease in our share of the principal balance of VISA credit card receivables in 2006.

The components of interest expense, net are as follows:

| Fiscal Year | $\mathbf{2 0 0 6}$ | $\mathbf{2 0 0 5}$ | $\mathbf{2 0 0 4}$ |
| :--- | ---: | ---: | ---: |
| Interest expense on long-term debt | $\mathbf{\$ 6 2 , 4 0 9}$ | $\mathbf{\$ 6 3 , 3 7 8}$ | $\mathbf{\$ 8 8 , 5 1 8}$ |
| Less: |  |  |  |
| $\quad$ Interest income | $\mathbf{( 1 4 , 6 5 4 )}$ | $(13,273)$ | $(7,929)$ |
| Capitalized interest | $\mathbf{( 4 , 9 9 7 )}$ | $(4,805)$ | $(3,161)$ |
| Interest expense, net | $\mathbf{\$ 4 2 , 7 5 8}$ | $\mathbf{\$ 4 5 , 3 0 0}$ | $\mathbf{\$ 7 7 , 4 2 8}$ |

## Nordstrom, Inc.

## Notes to Consolidated Financial Statements

Dollar and share amounts in thousands except per share and per option amounts

## NOTE 8: LEASES

Future minimum lease payments as of February 3, 2007 are as follows:

| Fiscal Year | Capital Leases | Operating Leases |
| :--- | ---: | ---: |
| 2007 | $\$ 1,946$ | $\$ 78,016$ |
| 2008 | 1,946 | 75,383 |
| 2009 | 1,376 | 72,757 |
| 2010 | 1,270 | 68,589 |
| 2011 | 1,120 | 61,87 |
| Thereafter | 5,869 | 293,627 |
| Total minimum lease payments | 13,527 | $\$ 650,259$ |
| Less amount representing interest | $(5,011)$ |  |
| Present value of net minimum lease payments | $\$ 8,516$ |  |

Rent expense for 2006, 2005, and 2004 are as follows:

| Fiscal Year | $\mathbf{2 0 0 6}$ | $\mathbf{2 0 0 5}$ | $\mathbf{2 0 0 4}$ |
| :--- | ---: | ---: | ---: |
| Minimum rent: | $\mathbf{\$ 6 6 , 7 6 8}$ | $\$ 62,036$ | $\$ 79,285$ |
| $\quad$ Store locations | $\mathbf{1 4 , 5 5 4}$ | 15,493 | 21,104 |
| $\quad$ Offices, warehouses and equipment |  |  |  |
| Percentage rent: | $\mathbf{1 2 , 2 0 2}$ | 10,607 | 9,214 |
| Store locations | $\mathbf{( 4 5 , 9 1 0 )}$ | $(46,645)$ | $(46,737)$ |
| Property incentives: | $\mathbf{\$ 4 7 , 6 1 4}$ | $\$ 41,491$ | $\$ 62,866$ |
| Total rent expense |  |  |  |

The rent expense above does not include common area maintenance costs of $\$ 16,391, \$ 16,105$, and $\$ 17,527$ in 2006, 2005, and 2004.
NOTE 9: SELF INSURANCE
We retain a portion of the risk for certain losses related to health and welfare, workers' compensation and general liability claims. Liabilities associated with these losses include estimates of both losses reported and losses incurred but not yet reported. We estimate our ultimate cost based on analysis of historical data and independent actuarial estimates.

- Workers' Compensation - We have a deductible per claim of $\$ 1,000$ or less and no policy limits. Our workers' compensation reserve was $\$ 56,250$ and $\$ 55,226$ at the end of 2006 and 2005 and our expense was $\$ 21,470, \$ 12,804$, and $\$ 29,263$ in 2006, 2005, and 2004.
- General Liability - We have a deductible per claim of $\$ 1,000$ or less and a policy limit up to $\$ 150,000$. Our general liability insurance reserve was $\$ 9,994$ and $\$ 10,954$ at the end of 2006 and 2005.
- Health and Welfare - We are self insured for our health and welfare coverage and we do not use stop-loss coverage. Participants contribute to the cost of their coverage and are subject to certain plan limits and deductibles. Our health and welfare reserve was \$15,016 and \$12,100 at the end of 2006 and 2005.

## NOTE 10: POST-RETIREMENT BENEFITS

We have an unfunded Supplemental Executive Retirement Plan ("SERP"), which provides retirement benefits to certain officers and select employees. This plan is non-qualified and does not have a minimum funding requirement.
We adopted Statement No. 158, Employers' Accounting for Defined Benefit Pension and Other Postretirement Plans ("SFAS 158"), effective February 3, 2007. The impact of the adoption of SFAS 158 is reflected within our consolidated financial statements as of February 3, 2007. SFAS 158 requires the recognition of a plan's overfunded or underfunded status as an asset or liability in the balance sheet and the recognition of changes in that funded status in the year in which the changes occur through comprehensive income. The incremental effect of applying SFAS 158 is disclosed as part of this footnote.

## Nordstrom, Inc.

## Notes to Consolidated Financial Statements

Dollar and share amounts in thousands except per share and per option amounts
The following table reflects the effects of the adoption of SFAS 158 on our consolidated balance sheet as of February 3, 2007.

|  | Before Application <br> of Statement 158 | Adjustments | After Application <br> of Statement 158 |
| :--- | ---: | ---: | ---: |
| Other assets | $\$ 184,449$ | $\$ 2,007$ | $\mathbf{\$ 1 8 6 , 4 5 6}$ |
| Total assets | $4,819,571$ | 2,007 | $\mathbf{4 , 8 2 1 , 5 7 8}$ |
| Other liabilities | 228,564 | 11,636 | $\mathbf{2 4 0 , 2 0 0}$ |
| Accumulated other comprehensive <br> earnings (loss), net | 1,049 | $(9,629)$ | $\mathbf{( 8 , 5 8 0}$ |
| Total shareholders' equity <br> Total liabilities and shareholders' <br> $\quad$ equity | $2,178,150$ | $(9,629)$ | $\mathbf{2 , 1 6 8 , 5 2 1}$ |

Amounts not yet reflected in net periodic benefit cost and included in accumulated other comprehensive earnings (pre-tax) as of February 3, 2007, included prior service cost of $\$(4,149)$ and accumulated loss of $\$(38,699)$. The amount included in accumulated other comprehensive income at January 28, 2006 was $\$ 32,032$.

The change in benefit obligation and plan assets for 2006 and 2005 are as follows:

|  | February 3, 2007 | January 28, 2006 |
| :---: | :---: | :---: |
| Change in benefit obligation: |  |  |
| Benefit obligation at end of prior year | \$91,036 | \$69,598 |
| Change in assumption | - | 11,559 |
| Benefit obligation at beginning of year | 91,036 | 81,157 |
| Participant service cost | 2,270 | 1,763 |
| Interest cost | 5,331 | 4,748 |
| Amendments | - | 893 |
| Benefits paid | $(3,295)$ | $(2,850)$ |
| Actuarial loss | 2,394 | 5,325 |
| Benefit obligation at end of year | \$97,736 | \$91,036 |
| Change in plan assets: |  |  |
| Fair value of plan assets at beginning of year | - | - |
| Employer contribution | \$3,295 | \$2,850 |
| Distributions | $(3,295)$ | $(2,850)$ |
| Fair value of plan assets at end of year | - | - |
| Underfunded status | \$ (97,736) | \$ $(91,036)$ |
| Unrecognized prior service cost |  | 5,198 |
| Unrecognized net loss |  | 39,258 |
| Additional minimum liability |  | $(37,230)$ |
| Net amount recognized |  | \$ $(83,810)$ |

The accumulated benefit obligation was $\$ 86,100$ at February 3, 2007 and $\$ 83,810$ at January 28, 2006.
Amounts recognized in the consolidated balance sheets consist of:

|  | February 3, 2007 | January 28, 2006 |
| :--- | ---: | ---: |
| Current liabilities | $\mathbf{\$ 4 , 4 2 5}$ | $\$ 2,982$ |
| Noncurrent liabilities | $\mathbf{9 3 , 3 1 1}$ | 43,598 |
| Intangible asset included in other assets | - | 5,198 |
| Deferred tax asset | - | 12,492 |
| Accumulated other comprehensive loss, net of tax | $\mathbf{-}$ | $\mathbf{1 9 , 5 4 0}$ |
| Net amount recognized | $\mathbf{\$ 9 7 , 7 3 6}$ | $\mathbf{\$ 8 3 , 8 1 0}$ |

## Nordstrom, Inc.

## Notes to Consolidated Financial Statements

Dollar and share amounts in thousands except per share and per option amounts
The components of SERP expense and a summary of significant assumptions are as follows:

| Fiscal Year | $\mathbf{2 0 0 6}$ | $\mathbf{2 0 0 5}$ | $\mathbf{2 0 0 4}$ |
| :--- | ---: | ---: | ---: |
| Participant service cost | $\mathbf{\$ 2 , 2 7 0}$ | $\$ 1,763$ | $\$ 1,489$ |
| Interest cost | $\mathbf{5 , 3 3 1}$ | 4,747 | 3,965 |
| Amortization of net loss | $\mathbf{2 , 9 5 3}$ | 2,615 | 1,543 |
| Amortization of prior service cost | $\mathbf{1 , 0 4 9}$ | 962 | 962 |
| Total expense | $\mathbf{1 1 , 6 0 3}$ | $\$ 10,087$ | $\$ 7,959$ |
| Assumption percentages: |  |  |  |
| $\quad$ Discount rate | $\mathbf{6 . 0 0 \%}$ | $6.00 \%$ | $6.25 \%$ |
| $\quad$ Rate of compensation increase | $\mathbf{4 . 0 0 \%}$ | $4.00 \%$ | $4.00 \%$ |
| Measurement date | $\mathbf{1 0 / 3 1 / 0 6}$ | $\mathbf{1 0 / 3 1 / 0 5}$ | $\mathbf{1 0 / 3 1 / 0 4}$ |

We used a discount rate for 2006 that was determined by constructing a hypothetical bond portfolio based on bonds available on October 31, 2006 rated "AA" or better by either Moody's or Standard \& Poor's. This assumption was built to match the expected benefit payments under the SERP.

In 2005, we updated the post-retirement mortality table to better anticipate future experience and granted additional years of service for purposes of enhancing the SERP benefit for certain mid-career new hires. In addition, we updated our assumptions relating to bonus payments.
As of October 31, 2006, the expected future benefit payments based upon the assumptions described above and including benefits attributable to future employee service for the following periods are as follows:

| Fiscal Year | $\$ 4,425$ |
| :--- | ---: |
| 2007 | 4,434 |
| 2008 | 4,474 |
| 2009 | 4,734 |
| 2010 | 4,879 |
| 2011 | 32,494 |

In 2007, we expect $\$ 4,135$ of costs currently in accumulated other comprehensive earnings to be recognized as components of net periodic benefit cost. This cost includes $\$ 1,049$ for prior service cost and $\$ 3,086$ for accumulated loss. We expect to make contributions to the plan of \$4,425.

## NOTE 11: COMMITMENTS AND CONTINGENT LIABILITIES

We are involved in routine claims, proceedings, and litigation arising in the normal course of our business. We do not believe any such claim, proceeding or litigation, either alone or in aggregate, will have a material impact on our results of operations, financial position, or liquidity.
We are routinely audited for tax compliance by the federal, state, local and foreign jurisdictions in which we operate. The audits generally cover several years and issues raised in an audit can impact other years that are available to be audited. While it is often difficult to predict whether we will prevail, we believe that our tax reserves reflect the probable outcome of known tax contingencies. We periodically reassess the amount of such reserves in light of changing facts and circumstances and adjust reserve balances as necessary. We have accrued \$17,600 for anticipated tax and interest to be paid for our exposure items. Our income tax returns for 2002 through 2005 are currently under examination by the IRS.

Our estimated total purchase obligations, capital expenditure contractual commitments and inventory purchase orders were $\$ 1,070,023$ as of February 3, 2007.
In connection with the purchase of foreign merchandise, we have outstanding import letters of credit totaling \$9,846 as of February 3, 2007.

## NOTE 12: SHAREHOLDERS' EQUITY AND STOCK COMPENSATION PLANS

## Share Repurchase Program

In August 2004, our Board of Directors authorized $\$ 300,000$ of share repurchases, replacing a previous share repurchase authorization. By the end of 2004, we purchased 13,815 shares in the open market for the entire authorized amount of $\$ 300,000$ at an average price of $\$ 21.71$ per share.

In February 2005, our Board of Directors authorized an additional \$500,000 of share repurchases. In 2005, we purchased 8,494 shares for $\$ 287,080$ at an average price of $\$ 33.80$ per share. We utilized the remainder of this authorization of $\$ 212,920$ in the first quarter of 2006, purchasing 5,422 shares at an average price of $\$ 39.27$ per share.
In May 2006, our Board of Directors authorized additional share repurchases of $\$ 1,000,000$. In 2006, we repurchased 11,123 shares under this authorization for $\$ 408,607$ at an average price of $\$ 36.74$. As of February 3, 2007, the unused authorization was $\$ 591,394$. The actual amount and timing of future share repurchases will be subject to market conditions and applicable SEC rules.

## Dividends

In 2006, we paid dividends of $\$ 0.42$ per share, the tenth consecutive year that our annual dividends increased. We paid dividends of $\$ 0.32$ and \$0.24 in 2005 and 2004.

## Stock Option Plans

In 2004, our shareholders approved the 2004 Equity Incentive Plan. We currently grant stock options, performance share units and common shares under this plan.

## STOCK OPTIONS

As of February 3, 2007, we have options outstanding under three stock option plans (collectively, the "Nordstrom, Inc. Plans"). Options vest over periods ranging from four to eight years, and expire ten years after the date of grant. A summary of stock option activity under the Nordstrom, Inc. Plans is presented below:

| Fiscal Year | 2006 |  | 2005 |  | 2004 |  |
| :---: | :---: | :---: | :---: | :---: | :---: | :---: |
|  | Shares | Weighted-Average Exercise Price | Shares | Weighted-Average Exercise Price | Shares | Weighted-Average Exercise Price |
| Outstanding, beginning of year | 14,344 | \$15 | 18,320 | \$13 | 23,368 | \$12 |
| Granted | 1,941 | 40 | 2,564 | 26 | 2,830 | 20 |
| Exercised | $(3,838)$ | 13 | $(5,822)$ | 13 | $(7,239)$ | 12 |
| Cancelled | (591) | 25 | (718) | 16 | (639) | 13 |
| Outstanding, end of year | 11,856 | \$19 | 14,344 | \$15 | 18,320 | \$13 |
| Options exercisable at end of year | 5,990 | \$13 | 6,128 | \$12 | 7,877 | \$13 |

In 2006, 2005 and 2004, stock option awards to employees were approved by the Compensation Committee of our Board of Directors and their exercise price was set at the closing price of our common stock on the Committee meeting date. The stock option awards provide recipients with the opportunity for financial rewards when our stock price increases. The awards are determined based upon a percentage of the recipients' base salary and the fair value of the stock options, which was estimated using an option pricing model. The fair value per stock option was $\$ 16$ in 2006 (using a Binomial Lattice option valuation model), $\$ 10$ in 2005 and $\$ 11$ in 2004 (using the Black-Scholes option valuation model). For the year ended February 3, 2007, we awarded stock options to 1,236 employees compared to 1,207 employees in the same period in 2005.
The total intrinsic value of options exercised during the years ended February 3, 2007 and January 28, 2006 was $\$ 111,011$ and $\$ 102,371$. The total fair value of stock options vested during fiscal years 2006, 2005 and 2004 was $\$ 30,087, \$ 26,541$ and $\$ 24,333$. As of February 3, 2007, the total unrecognized stock-based compensation expense related to nonvested stock options was $\$ 40,007$, which is expected to be recognized over a weighted average period of 29 months. The aggregate intrinsic value of options outstanding as of February 3,2007 was $\$ 441,321$.

As of February 3, 2007, 11,432 options were vested or expected to vest with a total intrinsic value of $\$ 441,321$. The weighted average exercise price of options vested or expected to vest was $\$ 19.46$ as of February 3, 2007. The weighted average exercise life of options vested or expected to vest was six years.

## Notes to Consolidated Financial Statements

Dollar and share amounts in thousands except per share and per option amounts
The following table summarizes information about stock options outstanding for the Nordstrom, Inc. Plans as of February 3, 2007:

| Range of Exercise Prices | Options Outstanding |  |  |
| :---: | :---: | :---: | :---: |
|  | Shares | Weighted-Average Remaining Contractual Life (Years) | Weighted-Average Exercise Price |
| \$8.03-\$9.00 | 2,722 | 6 | \$9 |
| \$9.01-\$13.00 | 2,353 | 4 | 12 |
| \$13.01-\$20.00 | 3,009 | 5 | 19 |
| \$20.01-\$40.27 | 3,772 | 9 | 33 |
|  | 11,856 | 6 | \$19 |

| Options Exercisable |  |  |
| ---: | ---: | ---: |
| Shares | Weighted-Average <br> Remaining Contractual <br> Life (Years) | Weighted-Average <br> Exercise Price |
| 1,717 | 6 | $\$ 9$ |
| 2,316 | 4 | 12 |
| 1,576 | 4 | 18 |
| 381 | 8 | 26 |
| 5,990 | 5 | $\$ 13$ |

## PERFORMANCE SHARE UNITS

We grant performance share units to align certain elements of our senior management compensation with our shareholder returns. Performance share units vest after a three-year performance period only when our total shareholder return (growth in stock price and reinvestment of dividends) is positive and outperforms companies in a defined peer group of direct competitors determined by the Compensation Committee of our Board of Directors. The percentage of units that vest depends on our relative position at the end of the performance period and can range from $0 \%$ to $125 \%$ of the number of units granted. As participants may elect to exchange each unit earned for one share of stock or the cash equivalent, these units are classified as a liability award.
At the end of each period, we record the performance share unit liability based on the vesting factors described above. As of February 3, 2007 and January 28, 2006, our liabilities included $\$ 12,653$ and $\$ 16,927$ for the units. For the years ended February 3, 2007, January 28, 2006 and January 29, 2005, stock-based compensation expense was $\$ 7,036, \$ 11,672$ and $\$ 7,816$. As of February 3, 2007, the remaining unrecognized stock-based compensation expense related to nonvested performance share units was $\$ 4,279$, which is expected to be recognized over a weighted average period of 19 months. At January 29, 2006, 412,648 units were unvested. During the year ended February 3, 2007, 68,092 units were granted, 216,865 units vested and 8,408 units cancelled, resulting in an ending balance of 255,467 unvested units as of February 3 , 2007.

The following table summarizes the information for performance share units that vested during the period:

| Fiscal Year | $\mathbf{2 0 0 6}$ | $\mathbf{2 0 0 5}$ | $\mathbf{2 0 0 4}$ |
| :--- | ---: | ---: | ---: |
| Number of performance share units vested | 216,865 | 336,892 | 455,762 |
| Total fair value of performance share units vested | $\$ 11,310$ | $\$ 10,159$ | $\$ 27,488$ |
| Total amount of performance share units settled for <br> cash | $\$ 5,982$ | $\$ 1,836$ | $\$ 4,977$ |

## Nonemployee Director Stock Incentive Plan

The Nonemployee Director Stock Incentive Plan authorizes the grant of stock awards to our nonemployee directors. These awards may be deferred or issued in the form of restricted or unrestricted stock, nonqualified stock options or stock appreciation rights. We issued 4,795 shares of unrestricted stock for a total expense of $\$ 169$ in 2006. An additional 14,872 shares were deferred for a total expense of $\$ 519$. As of February 3, 2007, we had 754,536 remaining shares available for issuance.

## Employee Stock Purchase Plan

We offer an Employee Stock Purchase Plan ("ESPP") as a benefit to our employees. Employees may make payroll deductions of up to ten percent of their base and bonus compensation. At the end of each six-month offering period, participants may purchase shares of our common stock at $90 \%$ of the fair market value on the last day of each offer period. Beginning in 2006, we recorded compensation expense over the purchase period at the fair value of the ESPP at the end of each reporting period.

We issued 446 shares under the ESPP during the year ended February 3, 2007. As of February 3, 2007 and January 28, 2006, we had current liabilities of $\$ 5,855$ and $\$ 5,497$ for future purchase of shares under the ESPP.

## NOTE 13: ACCUMULATED OTHER COMPREHENSIVE EARNINGS

The following table shows the components of accumulated other comprehensive earnings, net of tax:

|  | February 3, 2007 | January 28, 2006 | January 29, 2005 |
| :---: | :---: | :---: | :---: |
| Foreign currency translation | \$15,770 | \$14,461 | \$16,276 |
| Fair value adjustment to asset backed securities | 4,982 | 7,787 | 4,857 |
| Unrecognized loss on SERP, prior to adoption of SFAS 158 | $(16,508)$ | $(19,540)$ | $(11,798)$ |
| Adjustment to initially apply SFAS 158 | $(12,824)$ | - |  |
| Total accumulated other comprehensive earnings | \$(8,580) | \$2,708 | \$9,335 |

Included in our adjustment to initially apply SFAS 158 is our SERP, discussed in Note 10, and our employee retiree medical plan. Adoption of SFAS 158 had a $\$(3,195)$ (net of tax of $\$ 2,042$ ) impact to accumulated other comprehensive earnings for the retiree medical plan.

## NOTE 14: EARNINGS PER SHARE

Earnings per basic share is computed using the weighted average number of common shares outstanding during the year. Earnings per diluted share uses the weighted average number of common shares outstanding during the year plus dilutive common stock equivalents, primarily stock options and performance share units.

Options and other equity instruments totaling 1,883 shares in 2006 and 144 shares in 2005 were excluded from earnings per diluted share because their impact was anti-dilutive. There were no anti-dilutive options or other equity instruments in 2004.

Since the beginning of 2004, 16,899 shares have been issued upon the exercise of stock options; we repurchased 38,857 shares in 2006, 2005, and 2004.
The computation of earnings per share is as follows:

| Fiscal Year | 2006 | 2005 | 2004 |
| :---: | :---: | :---: | :---: |
| Net earnings | \$677,999 | \$551,339 | \$393,450 |
| Basic shares | 260,689 | 271,958 | 278,993 |
| Dilutive effect of stock options and performance share units | 5,023 | 5,818 | 5,540 |
| Diluted shares | 265,712 | 277,776 | 284,533 |
| Earnings per basic share | \$2.60 | \$2.03 | \$1.41 |
| Earnings per diluted share | \$2.55 | \$1.98 | \$1.38 |

## NOTE 15: SEGMENT REPORTING

We offer three channels through which our customers can shop: Full-Line and Rack retail stores and Nordstrom Direct (online and catalog). Our goal is to create an integrated, consistent merchandise offering for our customers regardless of which channel they choose. These three channels meet the aggregation criteria set forth in Statement No. 131, Disclosures about Segments of an Enterprise and Related Information ("SFAS 131") with the exception of "distribution method." Nordstrom Direct sells merchandise via our online store and the catalog as opposed to in a retail store. As such, we aggregate our Full-Line and Rack stores into the Retail Stores segment and report Direct as a separate segment.

The Credit segment earns finance charges and securitization gains and losses through operation of the Nordstrom private label and cobranded VISA credit cards. Intersegment revenues consist of interchange fees charged to our other segments.

The Other segment includes our Façonnable stores, our product development group, which coordinates the design and production of private label merchandise sold in our retail stores, and our distribution network. This segment also includes our corporate center operations.

Beginning in September 2005, we changed our internal method for recognizing returns of Direct sales at Retail Stores. Previously, these returns were recognized in the Direct segment and now they are recognized in the Retail Stores segment. We have adjusted our previously disclosed segment information for 2005 and 2004 to present those years consistent with the 2006 method.

## Nordstrom, Inc

## Notes to Consolidated Financial Statements

Dollar and share amounts in thousands except per share and per option amounts
The following table summarizes the net sales by merchandise category:

| Fiscal Year | $\mathbf{2 0 0 6}$ | $\mathbf{2 0 0 5}$ | $\mathbf{2 0 0 4}$ |
| :--- | ---: | ---: | ---: |
| Women's apparel | $\mathbf{\$ 2 , 9 6 3 , 1 3 4}$ | $\$ 2,709,563$ | $\$ 2,577,489$ |
| Shoes | $\mathbf{1 , 7 3 1 , 2 7 8}$ | $\mathbf{1 , 5 9 0 , 8 7 7}$ | $1,454,415$ |
| Men's apparel | $\mathbf{1 , 5 6 1 , 1 7 5}$ | $\mathbf{1 , 3 8 8 , 7 1 3}$ | $1,250,546$ |
| Cosmetics | $\mathbf{9 4 1 , 5 4 1}$ | 847,391 | 767,132 |
| Women's accessories | $\mathbf{8 4 7}, \mathbf{3 3 4}$ | $\mathbf{7 2 0 , 3 3 4}$ | 636,227 |
| Children's apparel | $\mathbf{2 8 6 , 1 5 3}$ | 266,225 | 246,079 |
| Other | $\mathbf{2 3 0 , 0 8 3}$ | $\mathbf{1 9 9 , 7 5 7}$ | $\mathbf{1 9 9 , 5 0 0}$ |
| Total | $\mathbf{\$ 8 , 5 6 0 , 6 9 8}$ | $\$ 7,722,860$ | $\$ 7,131,388$ |

The following table presents our sales by merchandise category as a percentage of net sales:

| Fiscal Year | $\mathbf{2 0 0 6}$ | $\mathbf{2 0 0 5}$ | $\mathbf{2 0 0 4}$ |
| :--- | ---: | ---: | ---: |
| Women's apparel | $\mathbf{3 5 \%}$ | $35 \%$ | $36 \%$ |
| Shoes | $\mathbf{2 0 \%}$ | $21 \%$ | $20 \%$ |
| Men's apparel | $\mathbf{1 8 \%}$ | $18 \%$ | $18 \%$ |
| Cosmetics | $\mathbf{1 1 \%}$ | $11 \%$ | $11 \%$ |
| Women's accessories | $\mathbf{1 0 \%}$ | $9 \%$ | $9 \%$ |
| Children's apparel | $\mathbf{3 \%}$ | $3 \%$ | $3 \%$ |
| Other | $\mathbf{3 \%}$ | $3 \%$ | $3 \%$ |

In general, we use the same measurements to compute earnings before income tax expense for reportable segments as we do for the consolidated company. However, redemptions of our merchandise rewards certificates are included in net sales for our Retail Stores segment. The sales amount in our Other segment includes an entry to eliminate these transactions from our consolidated net sales. There is no impact to earnings before income tax expense for this adjustment. In addition, our sales return reserve for our Retail Stores segment is recorded in the Other segment. Other than described above, the accounting policies of the operating segments are the same as those described in the summary of significant accounting policies in Note 1.

## Item 9. Changes in and Disagreements With Accountants on Accounting and Financial Disclosure.

None.

## Item 9A. Controls and Procedures.

As of the end of the period covered by this Annual Report on Form 10-K, we performed an evaluation under the supervision and with the participation of management, including our President and Chief Financial Officer, of our disclosure controls and procedures (as defined in Rules 13a-15(e) or 15d-15(e) under the Securities and Exchange Act of 1934 (the "Exchange Act")). Based upon that evaluation, our President and our Chief Financial Officer concluded that, as of the end of the period covered by this Annual Report, our disclosure controls and procedures are effective in the timely recording, processing, summarizing and reporting of material financial and non-financial information.
There have been no changes in our internal control over financial reporting (as defined in Rules 13a-15(f) or 15d-15(f) of the Exchange Act) during our most recently completed fiscal quarter that have materially affected, or are reasonably likely to materially affect, our internal control over financial reporting.

The following information required under this item is filed as part of this report:

Item 9B. Other Information.
None.

## PART III

## Item 10. Directors, Executive Officers and Corporate Governance of the Registrant.

The information required under this item is included in the following sections of our Proxy Statement for our 2007 Annual Meeting of Shareholders, which sections are incorporated by reference herein and will be filed within 120 days after the end of our fiscal year:

```
Executive Officers
Election of Directors
Board Committees
Director Nominating Process
Web site Access to Corporate Governance Documents
Section 16(a) Beneficial Ownership Reporting Compliance
Corporate Governance
```

The certifications of our President and Chief Financial Officer required pursuant to Sections 302 and 906 of the Sarbanes-Oxley Act of 2002 are included as exhibits to this Annual Report on Form 10-K and were included as exhibits to each of our quarterly reports on Form 10-Q. Our President certified to the New York Stock Exchange (NYSE) on June 1, 2006 pursuant to Section 303A.12(a) of the NYSE's listing standards, that he was not aware of any violation by the Company of the NYSE's corporate governance listing standards as of that date.

## Item 11. Executive Compensation.

The information required under this item is included in the following sections of our Proxy Statement for our 2007 Annual Meeting of Shareholders, which sections are incorporated by reference herein and will be filed within 120 days after the end of our fiscal year:

```
Compensation of Executive Officers
Compensation Committee Report
Director Compensation
Compensation Committee Interlocks and Insider Participation
```

## Item 12. Security Ownership of Certain Beneficial Owners and Management and Related Shareholder Matters.

The information required under this item is included in the following section of our Proxy Statement for our 2007 Annual Meeting of Shareholders, which sections are incorporated by reference herein and will be filed within 120 days after the end of our fiscal year:

Security Ownership of Certain Beneficial Owners and Management Equity Compensation Plans

## Item 13. Certain Relationships and Related Transactions.

The information required under this item is included in the following sections of our Proxy Statement for our 2007 Annual Meeting of Shareholders, which sections are incorporated by reference herein and will be filed within 120 days after the end of our fiscal year:

Election of Directors
Certain Relationships and Related Transactions

## Certification required by Section 302(a) of the Sarbanes-Oxley Act of 2002

I, Blake W. Nordstrom, certify that:

1. I have reviewed this report on Form 10-K of Nordstrom, Inc.;
2. Based on my knowledge, this report does not contain any untrue statement of a material fact or omit to state a material fact necessary to make the statements made, in light of the circumstances under which such statements were made, not misleading with respect to the period covered by this report;
3. Based on my knowledge, the financial statements, and other financial information included in this report, fairly present in all material respects the financial condition, results of operations and cash flows of the registrant as of, and for, the periods presented in this report;
4. The registrant's other certifying officer and I are responsible for establishing and maintaining disclosure controls and procedures (as defined in Exchange Act Rules 13a-15(e) and 15d-15(e)) and internal control over financial reporting (as defined in Exchange Act Rules 13a-15(f) and 15d-15(f)) for the registrant and have:
a) Designed such disclosure controls and procedures, or caused such disclosure controls and procedures to be designed under our supervision, to ensure that material information relating to the registrant, including its consolidated subsidiaries, is made known to us by others within those entities, particularly during the period in which this report is being prepared;
b) Designed such internal control over financial reporting, or caused such internal control over financial reporting to be designed under our supervision, to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles;
c) Evaluated the effectiveness of the registrant's disclosure controls and procedures and presented in this report our conclusions about the effectiveness of the disclosure controls and procedures, as of the end of the period covered by this report based on such evaluation; and
d) Disclosed in this report any change in the registrant's internal control over financial reporting that occurred during the registrant's most recent fiscal quarter (the registrant's fourth fiscal quarter in the case of an annual report) that has materially affected, or is reasonably likely to materially affect, the registrant's internal control over financial reporting; and
5. The registrant's other certifying officer and I have disclosed, based on our most recent evaluation of internal control over financial reporting, to the registrant's auditors and the audit committee of the registrant's board of directors (or persons performing the equivalent functions):
a) All significant deficiencies and material weaknesses in the design or operation of internal control over financial reporting which are reasonably likely to adversely affect the registrant's ability to record, process, summarize and report financial information; and
b) Any fraud, whether or not material, that involves management or other employees who have a significant role in the registrant's internal control over financial reporting.

Date: March 23, 2007

Certification required by Section 302(a) of the Sarbanes-Oxley Act of 2002
I, Michael G. Koppel, certify that:

1. I have reviewed this report on Form 10-K of Nordstrom, Inc.;
2. Based on my knowledge, this report does not contain any untrue statement of a material fact or omit to state a material fact necessary to make the statements made, in light of the circumstances under which such statements were made, not misleading with respect to the period covered by this report;
3. Based on my knowledge, the financial statements, and other financial information included in this report, fairly present in all material respects the financial condition, results of operations and cash flows of the registrant as of, and for, the periods presented in this report;
4. The registrant's other certifying officer and I are responsible for establishing and maintaining disclosure controls and procedures (as defined in Exchange Act Rules 13a-15(e) and 15d-15(e)) and internal control over financial reporting (as defined in Exchange Act Rules 13a-15(f) and 15d-15(f)) for the registrant and have:
a) Designed such disclosure controls and procedures, or caused such disclosure controls and procedures to be designed under our supervision, to ensure that material information relating to the registrant, including its consolidated subsidiaries, is made known to us by others within those entities, particularly during the period in which this report is being prepared;
b) Designed such internal control over financial reporting, or caused such internal control over financial reporting to be designed under our supervision, to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles;

## NORDSTROM, INC

1617 SIXTH AVENUE

## SEATTLE, WASHINGTON 98101

CERTIFICATION PURSUANT TO
18 U.S.C. SECTION 1350, AS ADOPTED PURSUANT TO

## SECTION 906 OF THE SARBANES-OXLEY ACT OF 2002

In connection with the Annual Report of Nordstrom, Inc (the "Company") on Form 10-K for the period ended February 3, 2007, as filed with the Securities and Exchange Commission on the date hereof (the "Report"), we, Blake W. Nordstrom, President (Principal Executive Officer), and Michael G. Koppel, Executive Vice President and Chief Financial Officer (Principal Financial Officer), of the Company, certify, pursuant to 18 U.S.C. Section 1350, as adopted pursuant to Section 906 of the Sarbanes-Oxley Act of 2002, that:

- The Report fully complies with the requirements of Section 13(a) or 15(d) of the Securities Exchange Act of 1934; and
- The information contained in the Report fairly presents, in all material respects, the financial condition and results of operations of the Company.

March 23, 2007
/s/ Blake W. Nordstrom President
/s/ Michael G. Koppel
Executive Vice President and
Chief Financial Officer
A signed original of this written statement required by Section 906 has been provided to Nordstrom, Inc. and will be retained by Nordstrom, Inc. and furnished to the Securities and Exchange Commission or its staff upon request.

[^0]:    Depreciation based upon estimated asset base of capitalized operating leases as described in Note 4 below.
    2 Based upon the trailing 12-month average.
    ${ }^{3}$ Based upon the trailing 12 -month average for accounts payable, accrued salaries, wages and related benefits, other current liabilities and income taxes payable.
